

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT:	Dustin & Tricia Kooy
DOCKET NO.:	18-01229.001-R-1
PARCEL NO .:	16-16-01-405-016

The parties of record before the Property Tax Appeal Board are Dustin & Tricia Kooy, the appellants, by attorney Jessica Hill-Magiera in Lake Zurich; and the Kankakee County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds <u>*a reduction*</u> in the assessment of the property as established by the **Kankakee** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$3,603
IMPR.:	\$15,717
TOTAL:	\$19,320

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Kankakee County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick and frame exterior construction with 1,993 square feet of living area.¹ The dwelling was constructed in 1969. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 506 square foot garage. The property has an approximately .22-acre site and is located in Kankakee, Kankakee Township, Kankakee County.

The appellants' appeal is based on overvaluation. In support of this argument the appellants submitted evidence disclosing the subject property was purchased on October 9, 2018 for a price of \$58,000. The appellants' counsel reported that the subject property was purchased from the

owner of record, the parties to the transaction were not related and the property was advertised using a realtor. The appellants submitted a copy of the Multiple Listing Service (MLS) sheet depicting the property had been listed for 145 days. A copy of the Settlement Statement reflects the purchase price and disclosed the seller was the Secretary of Housing and Urban Development and that commissions were paid to a realty agency. The settlement statement also disclosed that funds in the amount of \$23,000 were held for future improvements. Based on this evidence, the appellants requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,462. The subject's assessment reflects a market value of \$103,458 or \$51.91 per square foot of living area, land included, when using the 2018 three-year average median level of assessment for Kankakee County of 33.31% as determined by the Illinois Department of Revenue.

In response to the appeal, the board of review argued the township assessor values property as of the first day of the year. The subject's sale occurred after the January 1, 2018 valuation date and will be considered on the January 1, 2019 valuation. The sale occurred after the seller bought the property at a Sheriff's sale in a foreclosure proceeding. The board of review provided a copy of the Sheriff's Report of Sale and Distribution which disclosed the public sale was held on June 21,2017 and that PNC Bank, National Association bid the sum of \$73,000 which was the highest bid. Based on this evidence, the board of review requested confirmation of the subject's assessment.

With respect to the appellants' overvaluation claim, the board of review did not provide any market value evidence in support of its assessed valuation of the subject property.

In rebuttal, counsel for the appellants asserted that the board of review did not dispute the recent sale of the subject property or contest its validity. Counsel also argued that the board of review did not submit any evidence to dispute the appellants' request for a reduction and the time to do so has now passed, therefore, counsel requested a reduction in the subject's assessment to reflect the purchase price.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in October 2018 for a price of \$58,000. The appellants provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellants completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related and the property had been advertised on the open market through the Multiple Listing Service. In further support of the transaction, the appellants submitted a copy of the settlement statement. The Board finds

the board of review did not present any substantive evidence to challenge the arm's length nature of the subject's sale transaction. In addition, the assessing officials did not refute the contention that the purchase price was reflective of market value. The Board finds the evidence disclosed funds were held back for future improvements to the subject which calls into question the condition of the property at the time of purchase. The Board finds the purchase price of \$58,000 is below the market value of \$103,458 as reflected by the assessment. Furthermore, the Board finds the board of review did not provided any market value evidence, such as recent comparable sales, to support the subject's assessment. Based on this record the Board finds the subject property had a market value of \$58,000 as of January 1, 2018. Since market value has been determined the 2018 three-year average median level of assessment for Kankakee County of 33.31% shall apply. 86 III.Admin.Code \$1910.50(c)(1).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
