

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jojo Vellanikal
DOCKET NO.: 18-01319.001-R-1
PARCEL NO.: 15-31-201-068

The parties of record before the Property Tax Appeal Board are Jojo Vellanikal, the appellant, by attorney Gregory Riggs of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$45,306
IMPR.: \$168,763
TOTAL: \$214,069

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and frame exterior construction with 3,691 square feet of living area. The dwelling was constructed in 1994. Features of the home include a full basement with 1,353 square feet of finished area, central air conditioning, a fireplace and a 794 garage. The property has a 40,155 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located within .34 of a mile of the subject property. The comparables have sites ranging in size from 40,244 to 46,609 square feet of land area. The comparables consist of two-story dwellings of brick or brick and frame exterior construction ranging in size from 3,918 to 4,264 square feet of living area. The dwellings were constructed in 1987 or 1991. Each comparable features a basement with two

having finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 810 to 906 square feet of building area. The comparables sold in either August 2017 or June 2018 for prices ranging from \$480,000 to \$660,000 or from \$112.57 to \$160.00 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$214,069. The subject's assessment reflects a market value of \$647,125 or \$175.33 per square foot of living area, land included, when using the 2018 three-year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In response to the appeal, the board of review submitted a Multiple Listing Service (MLS) sheet associated with the sale of the appellant's comparable #3. The listing disclosed that the property requires flood insurance as it is located in a flood plain.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales located within .104 of a mile of the subject property, one of which was also utilized by the appellant. Board of review comparable #1 is the same property as the appellant's comparable #2. The comparables have sites ranging in size from 40,166 to 40,315 square feet of land area. The comparables are improved with two-story dwellings of brick or wood siding exterior construction ranging in size from 3,447 to 4,125 square feet of living area. The dwellings were constructed in 1987 or 1988. Each comparable features a basement with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 713 to 810 square feet of building area. The comparables sold from March to August 2017 for prices ranging from \$625,000 to \$660,000 or from \$160.00 to \$188.57 per square foot of living area, including land. The board of review provided property record cards of the subject and its comparables. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted five comparable sales for the Board's consideration, with one comparable being utilized by both parties. The board gave less weight to the appellant's comparable #3 due to its larger dwelling size when compared to the subject, furthermore, this property appears to be an outlier given the remaining sales in the record.

The Board finds the best evidence of market value to be the four remaining comparables submitted by the parties. These comparables are similar to the subject in location, dwelling size, design and features, although each is slightly older than the subject. The comparables sold from

March 2017 to June 2018 for prices ranging from \$609,000 to \$660,000 or from \$155.44 to \$188.57 per square foot of living area, including land. The subject's assessment reflects a market value of \$647,125 or \$175.33 per square foot of living area, land included, which falls within the range established by the best comparable sales in this record. After considering any necessary adjustments to the comparables for differences when compared to the subject, the Board finds the estimated market value as reflected by the assessment is supported and no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
