

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Douglas Weiner
DOCKET NO.: 18-01344.001-R-1
PARCEL NO.: 16-29-110-098

The parties of record before the Property Tax Appeal Board are Douglas Weiner, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$57,619
IMPR.: \$247,390
TOTAL: \$305,009

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,806 square feet of living area. The dwelling was constructed in 2014. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 608 square foot garage. The property is located in Deerfield, West Deerfield Township, Lake County.

The appellant, through counsel, contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 3,803 to 4,094 square feet of living area. The homes were built in 2002 or 2005. Each comparable has a basement, one with finished area, central air conditioning, one fireplace and a garage ranging in size from 530 to 681 square feet of building

area. The comparables have improvement assessments ranging from \$193,944 to \$235,767 or from \$51.00 to \$58.41 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$211,841 or \$55.66 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$305,009. The subject property has an improvement assessment of \$247,390 or \$65.00 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 3,708 to 3,898 square feet of living area. The homes were built from 2006 to 2016. Each comparable has a basement, one with finished area, central air conditioning, one fireplace and a garage ranging in size from 420 to 550 square feet of building area. The comparables have improvement assessment that range from \$284,209 to \$305,142 or from \$72.91 to \$80.49 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #3 and board of review comparable #4 which have finished basements that are dissimilar to the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #2 along with board of review comparables #1, #2 and #3 which are similar to the subject in terms of location, age, design, dwelling size and most features. These comparables had improvement assessments that ranged from \$193,944 to \$302,044 or from \$51.00 to \$79.83 per square foot of living area. The subject's improvement assessment of \$247,390 or \$65.00 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
