

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carlos Alban  
DOCKET NO.: 18-01712.001-R-1  
PARCEL NO.: 16-08-108-001

The parties of record before the Property Tax Appeal Board are Carlos Alban, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$188,039  
**IMPR.:** \$370,298  
**TOTAL:** \$558,337

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.75-story dwelling of brick exterior construction with 5,505 square feet of living area. The dwelling was built in 1989. Features of the home include a basement with finished area, central air conditioning, three fireplaces and a 988 square foot garage. The subject also has a 648 square foot in-ground swimming pool. The property has a 60,984 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant through counsel contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on three suggested equity comparables located from .08 of a mile to .21 of a mile and in the same neighborhood code as the subject property. The comparables were improved with two-story dwellings with brick exterior construction that range in size from 4,684 to 6,228 square feet of living area. The dwellings were built in 1988 or 1990. Each comparable has a

basement with two comparables having finished area, central air conditioning, two or three fireplaces and a garage ranging in size from 805 to 1,122 square feet of building area. The comparables have improvement assessments that range from \$249,426 to \$294,272 or from \$40.62 to \$54.33 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$271,947 or \$49.40 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$558,337. The subject property has an improvement assessment of \$370,298 or \$67.27 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located from .069 to .214 of a mile and in the same neighborhood code as the subject property. The comparables were improved with two-story dwellings of brick exterior construction that range in size from 5,373 to 5,748 square feet of living area. The dwellings were constructed in 1988 or 1989. Each comparable has a basement with three comparables having finished area, central air conditioning, one to three fireplaces and a garage ranging in size from 736 to 936 square feet of building area. Comparable #1 has an in-ground swimming pool and comparable #2 has a tennis court. The comparables have improvement assessments that range from \$363,025 to \$380,906 or from \$64.82 to \$70.89. per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #3 along with the board of review comparable #1 due to their lack of a finished basement when compared to the subject.

The Board finds the best evidence of assessment equity to be the remaining comparables. These comparables have varying degrees of similarity when compared to the subject in location, dwelling size, age and features. These comparables had improvement assessments that ranged from \$249,426 to \$380,906 or from \$40.62 to \$70.89 per square foot of living area. The subject's improvement assessment of \$370,298 or \$67.27 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
