

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Ferdman
DOCKET NO.: 18-01715.001-R-1
PARCEL NO.: 16-32-315-018

The parties of record before the Property Tax Appeal Board are Richard Ferdman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$61,409
IMPR.: \$132,172
TOTAL: \$193,581

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,904 square feet of living area. The dwelling was constructed in 1976. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 440 square foot attached garage. The property is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.65 of a mile from the subject property. The comparable sites are improved with two-story dwellings of brick exterior construction that range in size from 2,888 to 3,133 square feet of living area. The homes were built from 1972 to 1978. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage with 440 to 713 square feet of building area. Comparable #3 includes a 555 square foot inground swimming pool. The comparables sold from March 2017 to June

2018 for prices ranging from \$505,000 to \$532,500 or from \$169.96 to \$181.72 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$169,896.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$193,581. The subject's assessment reflects a market value of \$585,190 or \$201.51 per square foot of living area, land included, when using the 2018 three year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within approximately 0.27 of a mile from the subject property. The comparables are improved with two-story dwellings of brick exterior construction that range in size from 2,522 to 2,880 square feet of living area. The homes were built from 1972 to 1977. Each comparable has a basement, one with finished area, central air conditioning and a garage ranging in size from 440 to 506 square feet of building area. Three of the comparables each have one fireplace. The comparables sold from May to September 2017 for prices ranging from \$630,000 to \$690,900 or from \$230.90 to \$267.17 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board gave less weight to appellant comparable #3 which differs from the subject with its inground swimming pool. The Board gave less weight to board of review comparable #1 due to its finished basement compared to the subject's unfinished basement. The Board gave less weight to board of review comparables #3 and #4 which differ in dwelling size from the subject property. The Board finds the best evidence of market value to be appellant's comparables #1 and #2 along with board of review comparables #2 which are similar to the subject in terms of location, age, design, dwelling size and most features. These most similar comparables sold from March to December 2017 for prices ranging from \$505,000 to \$665,000 or from \$174.86 to \$230.90 per square foot of living area, including land. The subject's assessment reflects a market value of \$585,190 or \$201.51 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering any necessary adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
