

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ilya Brin
DOCKET NO.: 18-01722.001-R-1
PARCEL NO.: 15-33-110-023

The parties of record before the Property Tax Appeal Board are Ilya Brin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,649
IMPR.: \$108,502
TOTAL: \$138,151

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,290 square feet of living area. The dwelling was constructed in 1985. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 440 square foot garage. The property has a 7,918 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.46 of a mile from the subject property. The comparables have sites with 6,825 or 9,153 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that range in size from 2,444 to 2,630 square feet of living area. The homes were built from 1978 to 1988. Each comparable has a basement with finished area, central air conditioning and a 460 square foot

garage. Two of the comparables each have one fireplace. The comparables sold from March 2017 to October 2017 for prices ranging from \$370,000 to \$430,000 or from \$149.80 to \$163.50 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$119,800.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$138,151. The subject's assessment reflects a market value of \$417,627 or \$182.37 per square foot of living area, land included, when using the 2018 three year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on six comparable sales located within approximately 0.46 of a mile from the subject property. The comparables have sites that range in size from 6,787 to 11,453 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that range in size from 2,155 to 2,377 square feet of living area. The homes were built from 1985 to 1987. Each comparable has a basement, five with finished area, central air conditioning and a garage ranging from 400 to 441 square feet of building area. Three of the comparables each have one fireplace. The comparables sold from August 2016 to May 2018 for prices ranging from \$402,000 to \$435,000 or from \$182.16 to \$192.39 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds that evidence in the record did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparables for the Board's consideration. The Board gave less weight to appellant's comparables as comparable #1 appears to be an outlier with respect to its sale price per square foot when compared to other sales in the record; comparable #2 due to its older age and comparable #3 which has a larger dwelling size compared to the subject. The Board gave less weight to board of review comparable #1 which sold in 2016 and is less indicative of the subject's market value as of the January 1, 2018 assessment date. The Board also gave little weight to board of review comparable #6 which has a larger site size compared to the subject.

The Board finds the best evidence of market value to be board of review comparables #2 through #5 which are more similar to the subject in terms of location, site size, age, design, and most features. Three of these four comparables have superior finished basements compared to the subject's unfinished basement. These most similar comparables sold from February 2017 to May 2018 for prices ranging from \$402,000 to \$435,000 or from \$185.35 to \$192.39 per square foot of living area, including land. Board of review comparable #3 is considered most similar to the subject with its unfinished basement. This comparable sold for \$402,000 or \$186.54 per

square foot of living area, land included. The subject's assessment reflects a market value of \$417,627 or \$182.37 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the comparables for superior finished basements, the Board finds the evidence supports the subject's assessment and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
