

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Fouad Bahrani
DOCKET NO.: 18-01810.001-R-1
PARCEL NO.: 15-23-109-008

The parties of record before the Property Tax Appeal Board are Fouad Bahrani, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,675
IMPR.: \$132,961
TOTAL: \$174,636

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,393 square feet of living area. The dwelling was constructed in 1993. Features of the home include a concrete slab foundation, central air conditioning, a fireplace and a 400 square foot garage. The property has a 10,019 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant through counsel contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on three suggested equity comparables located in the same neighborhood and within 0.23 of a mile from the subject property. The comparables were improved with two-story dwellings of brick exterior construction that range in size from 3,058 to 3,428 square feet of living area. The dwellings were built in 1994 or 1995. Each comparable has a concrete slab

foundation central air conditioning, one or two fireplaces and a garage ranging in size from 441 to 480 square feet of building area. The comparables have improvement assessments that range from \$85,366 to \$105,787 or from \$24.90 to \$34.59 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$101,495 or \$29.91 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$174,636. The subject property has an improvement assessment of \$132,961 or \$39.19 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted property record cards and a grid analysis on six suggested equity comparables located in the same neighborhood and within 0.284 of a mile from the subject property. The comparables were improved with two-story dwellings of brick exterior construction each containing 3,393 square feet of living area. The dwellings were built in 1993. Each comparable has a concrete slab foundation, central air conditioning, a fireplace and each comparable has a 400 square foot garage. The comparables have improvement assessments that range from \$132,271 to \$133,165 or from \$38.98 to \$39.25 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparables for the Board's consideration. The board gave less weight to the appellant's comparables due to their dissimilar dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables. These comparables are identical when compared to the subject in dwelling size, age and features and similar in location. These comparables had improvement assessments that ranged from \$132,271 to \$133,165 or from \$38.98 to \$39.25 per square foot of living area. The subject's improvement assessment of \$132,961 or \$39.19 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
