

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Paul Hancock
DOCKET NO.: 18-01816.001-R-1
PARCEL NO.: 13-02-410-011

The parties of record before the Property Tax Appeal Board are Paul Hancock, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,759
IMPR.: \$146,459
TOTAL: \$182,218

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.75-story dwelling of wood siding exterior construction with 3,880 square feet of living area. The dwelling was constructed in 1980. Features of the home include a basement with finished area, central air conditioning, two fireplaces and an 813 square foot garage. The property has a 40,802 square foot site and is located in Tower Lakes, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales 0.95 of a mile from the subject property. The comparables have sites that range in size from 31,529 to 56,628 square feet of land area and are improved with 2.0-story dwellings of wood siding exterior construction that range in size from 3,278 to 3,897 square feet of living area. The homes were built from 1972 to 1992. Each comparable has a basement, two with finished basements, central air conditioning,

one or two fireplaces and a garage ranging in size from 504 to 765 square feet of building area. The comparables sold from July 2017 to July 2018 for prices ranging from \$385,000 to \$505,500 or from \$117.45 to \$129.72 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$161,071.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$182,218. The subject's assessment reflects a market value of \$550,840 or \$141.97 per square foot of living area, land included, when using the 2018 three year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted a grid analysis and property record cards on the subject and four comparable sales located within approximately 0.98 of a mile from the subject property. Board of review comparable #1 is the same property as the appellant's comparable #3. The comparables have sites that range in size from 39,906 to 56,628 square feet of land area and are improved with 2.0-story dwellings of brick or wood siding exterior construction that range in size from 3,564 to 4,053 square feet of living area. The homes were built from 1977 to 1992. Each comparable has a basement, two with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 744 to 1,008 square feet of building area. The comparables sold from July 2016 to April 2018 for prices ranging from \$480,000 to \$642,500 or from \$129.72 to \$174.83 per square foot of living area, land included.

The board of review submitted Multiple Listing Service (MLS) sheets for a pending sale of the subject property and the appellant's comparable sale #1. The subject property's MLS sheet has a pending status for a contract date in July 2019 and a listing price of \$549,000. The MLS sheet for the appellant's comparable #1 describes the subject as having an updated kitchen with some custom features, a three-season porch, updated windows, roof, most mechanicals and notes that the home's bathrooms need some updating. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six comparables for the Board's consideration, where one sale was common to both properties. The Board gave less weight to appellant comparable #1 which appears to be an outlier with respect to its sale price per square foot when compared to other comparables in the record. The Board gave less weight to board of review comparables #3 and #4 which have 2016 sales dates considered too remote in time to be indicative of the subject's market value as of the January 1, 2018 assessment date. The Board finds the best evidence of market value to be appellant's comparable sales #2 and #3/board of review comparable #1 and board of review

comparable #2. These comparables have a varying degree of similarity in location, dwelling size, site size, age and features when compared to the subject. These comparables sold from August 2017 to July 2018 for prices ranging from \$415,000 to \$642,500 or from \$126.45 to \$174.83 per square foot of living area, including land. The subject's assessment reflects a market value of \$550,840 or \$141.97 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences with the subject, the Board finds a preponderance of the evidence supports the subject's assessment and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
