

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Murad Hawe
DOCKET NO.: 18-01847.001-R-1
PARCEL NO.: 14-32-204-001

The parties of record before the Property Tax Appeal Board are Murad Hawe, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$49,997
IMPR.: \$129,044
TOTAL: \$179,041

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,624 square feet of living area. The dwelling was constructed in 1982. Features of the home include a basement with finished area,¹ central air conditioning, three fireplaces and an 858 square foot garage. The property has a 51,773 square foot site and is located in Barrington, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 1.34 miles from the subject property. The comparables have sites that range in size from 22,645 to 49,501 square

¹ Appellant grid analysis indicates the subject's basement is unfinished, however, a Multiple Listing Service sheet submitted by the board of review disclosed the subject's basement is finished and feature a recreation room, kitchen and full bathroom.

feet of land area and are improved with two-story dwellings of wood siding exterior construction that range in size from 2,573 to 2,744 square feet of living area. The homes were built from 1977 to 1989. Each comparable has an unfinished basement, central air conditioning and a garage ranging in size from 483 to 609 square feet of building area. Two of the comparables each have a fireplace. The comparables sold from April 2017 to May 2018 for prices ranging from \$380,000 to \$395,000 or from \$138.48 to \$153.52 per square foot of living area, land included.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$179,041. The subject's assessment reflects a market value of \$541,236 or \$206.26 per square foot of living area, land included, when using the 2018 three year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within approximately 1.34 miles from the subject property. The comparables have sites that range in size from 40,578 to 42,296 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that range in size from 2,580 to 2,848 square feet of living area. The homes were built in 1989 or 1990. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage ranging from 506 to 660 square feet of building area. The comparables sold from August 2017 to February 2018 for prices ranging from \$545,000 to \$630,000 or from \$198.83 to \$224.77 per square foot of living area, land included.

The board of review also submitted a Multiple Listing Service (MLS) sheet on the subject which has a list date of November 2018, a list price of \$564,000 and an active status. The MLS sheet described the subject's basement as finished which differs from the data in the grid analyses provided by the board of review and appellant. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board gave less weight to appellant's comparable #1 which appears to be an outlier based on its lower sale price per square foot relative to other comparables in the record. The Board gave less weight to appellant's comparable #3 which has a smaller site compared to the subject's site size. The Board finds the best evidence of market value to be appellant's comparable #2 along with board of review comparables #1 through #4 which are more similar to the subject in terms of location, age, design and most features. Each of the comparables has an inferior site size and unfinished basement when compared to the subject's site size and finished basement. These most similar

comparables sold from August 2017 to May 2018 for prices ranging from \$385,000 to \$630,000 or from \$141.18 to \$224.77 per square foot of living area, including land. The subject's assessment reflects a market value of \$541,236 or \$206.26 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences with the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
