

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Gerstein
DOCKET NO.: 18-01853.001-R-1
PARCEL NO.: 11-32-214-006

The parties of record before the Property Tax Appeal Board are Robert Gerstein, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$56,368
IMPR.: \$143,835
TOTAL: \$200,203

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,382 square feet of living area. The dwelling was constructed in 1999. Features of the home include an unfinished basement, central air conditioning and a 640 square foot garage. The property has a 14,167 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 1.04 miles from the subject property. The comparables have sites that range in size from 9,766 to 10,580 square feet of land area and are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 3,390 to 3,743 square foot of living area. The homes were built from 1999 to 2003. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage ranging from 622 to 696 square feet of building area. The

comparables sold from February 2017 to April 2018 for prices ranging from \$500,000 to \$511,000 or from \$136.25 to \$147.49 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$158,506.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$200,203. The subject's assessment reflects a market value of \$605,209 or \$178.95 per square foot of living area, land included, when using the 2018 three year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within approximately 0.51 of a mile from the subject property. The comparables have sites that range in size from 10,166 to 12,626 square feet of land area and are improved with two-story dwellings of brick exterior construction that range in size from 3,304 to 3,423 square feet of living area. The homes were built in 1998 or 2000. Each comparable has an unfinished basement, one fireplace and a garage ranging in size from 611 to 649 square feet of building area. Three of the comparables have central air conditioning. The comparables sold from May 2017 to August 2018 for prices ranging from \$592,000 to \$625,000 or from \$174.99 to \$182.59 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board gave less weight to appellant's comparable #2 which is located greater than one mile from the subject. The Board gave less weight to the appellant's comparables #2 and #3 which have a larger dwelling size when compared to the subject. The Board finds the best evidence of market value to be the appellant's comparable #1 along with the board of review's comparables which are more similar to the subject in location, design, age, site size and most features. These most similar comparables sold from May 2017 to August 2018 for prices ranging from \$500,000 to \$625,000 or from \$147.49 to \$182.59 per square foot of living area, including land. The subject's assessment reflects a market value of \$605,209 or \$178.95 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
