

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Josh Hausman
DOCKET NO.: 18-01862.001-R-1
PARCEL NO.: 16-25-404-004

The parties of record before the Property Tax Appeal Board are Josh Hausman, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$200,932
IMPR.: \$403,203
TOTAL: \$604,135

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of stucco exterior construction with 6,171 square feet of living area. The dwelling was constructed in 1990. Features of the home include a partial basement with finished area, central air conditioning, two fireplaces, an 875 square foot garage and a 1,000 square foot inground swimming pool. The property has a 37,486 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood as the subject property and within .28 of a mile from the subject. The comparables consist of two-story dwellings of stone, stucco or wood siding exterior construction ranging in size from 5,304 to 5,573 square feet of living area. The dwellings were constructed from 1985 to 1998. The comparables each feature a full or partial

basement with finished area, central air conditioning, one or three fireplaces and one or two garages ranging in size from 504 to 858 square feet of building area. In addition, comparable #3 has an 800 square foot inground swimming pool. The comparables have improvement assessments ranging from \$271,781 to \$299,466 or from \$51.24 to \$54.41 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$604,135. The subject property has an improvement assessment of \$403,203 or \$65.34 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on six equity comparables located in the same neighborhood as the subject property and from .21 to 1.16 miles from the subject. Board of review comparables #2 and #6 are the same property. The comparables consist of two-story or three-story dwellings of brick or wood siding exterior construction ranging in size from 6,129 to 6,790 square feet of living area. The dwellings were built from 1992 to 2006. The comparables each feature a full or partial basement with five having finished area, central air conditioning, one to three fireplaces and one or two garages ranging in size from 252 to 1,475 square feet of building area. In addition, comparables #1 and #2 each have an 800 square foot inground swimming pool. The comparables have improvement assessments ranging from \$366,862 to \$490,537 or from \$59.00 to \$78.32 per square foot of living area. As part of its submission, the board of review provided property record cards of the subject and its comparables. Based on this evidence, the board of review requested that the subject's assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration as board of review comparables #2 and #6 are the same property. The Board gave less weight to the appellant's comparables due to their smaller dwelling sizes when compared to the subject. The Board also gave reduced weight to board of review comparables #4, #5 and #7 which differ from the subject in dwelling size, design, age and/or location being more than one mile away.

The Board finds board of review comparables #1, #2/#6 and #3 are similar to the subject in location, dwelling size, design and age, though comparable #3 lacks an inground swimming pool and comparable #2/#6 lacks a finished basement, both features of the subject. These comparables have improvement assessments ranging from \$59.00 to \$66.94 per square foot of living area. The subject property has an improvement assessment of \$65.34 per square foot of

living area, which falls within the range established by the most similar comparables in the record. Based on this evidence the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment based on inequity is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
