

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Doug Kambich
DOCKET NO.: 18-01881.001-R-1
PARCEL NO.: 16-32-212-010

The parties of record before the Property Tax Appeal Board are Doug Kambich, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$64,464
IMPR.: \$263,216
TOTAL: \$327,680

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,771 square feet of living area. The dwelling was constructed in 2007. Features of the home include an unfinished basement, central air conditioning, two fireplaces and an 852 square foot garage. The property is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables consist of two-story dwellings of brick or wood siding exterior construction ranging in size from 4,028 to 4,215 square feet of living area. The dwellings were built from 2002 to 2006. Each comparable features a basement with one having finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 530 to 651 square feet of

building area. The comparables have improvement assessments ranging from \$231,911 to \$243,306 or from \$55.04 to \$58.81 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$215,474 or \$57.14 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$327,680. The subject property has an improvement assessment of \$263,216 or \$69.80 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on seven equity comparables located within the same assessment neighborhood code as the subject. The comparables consist of a one and one-half-story dwelling and six, two-story dwellings of brick or wood siding exterior construction ranging in size from 3,200 to 4,376 square feet of living area. The dwellings were built from 2004 to 2016. Each comparable features a basement with one having finished area, central air conditioning and a garage ranging in size from 400 to 832 square feet of building area. Six comparables each have one fireplace. The comparables have improvement assessments ranging from \$229,694 to \$315,807 or from \$71.78 to \$78.79 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted ten suggested equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1 and #3 along with board of review comparables #5, #6 and #7 due to their dissimilar dwelling sizes and/or finished basements when compared to the subject.

The Board finds the best evidence of assessment equity to be the remaining five comparables submitted by the parties. The comparables are similar to the subject in location, dwelling size, design, age and features. These comparables have improvement assessments that range from \$231,911 to \$292,674 or from \$57.57 to \$76.60 per square foot of living area. The subject's improvement assessment of \$263,216 or \$69.80 per square foot of living area falls within the range established by the best comparables in this record. After considering any necessary adjustments to the comparables for differences, when compared to the subject, the Board finds the evidence demonstrates the subject's improvement assessment is justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex

Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
