

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Burfield  
DOCKET NO.: 18-01887.001-R-1  
PARCEL NO.: 16-10-105-012

The parties of record before the Property Tax Appeal Board are John Burfield, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$83,584  
**IMPR.:** \$194,607  
**TOTAL:** \$278,191

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 3,286 square feet of living area. The dwelling was constructed in 1970. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 462 square foot garage. The property has a 20,635 square foot site and is located in Lake Forest, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.18 of a mile from the subject property. The comparables have sites that range in size from 20,187 to 20,691 square feet of land area and are improved with two-story dwellings of brick exterior construction that range in size from 3,170 to 4,075 square feet of living area. The homes were built in 1966 or 1969. Each comparable has an unfinished basement, central air conditioning, one or four

fireplaces and a garage ranging in size from 462 to 506 square feet of building area. The comparables sold from August 2016 to May 2017 for prices ranging from \$580,000 to \$979,000 or from \$182.97 to \$240.25 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$229,443.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$278,191. The subject's assessment reflects a market value of \$840,964 or \$255.92 per square foot of living area, land included, when using the 2018 three year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within approximately 0.34 of a mile from the subject property. The comparables have sites that range in size from 20,520 to 24,920 square foot of land area and are improved with two-story dwellings of brick exterior construction that range in size from 2,619 to 2,995 square feet of living area. The homes were built in 1965 or 1966. Each comparable has a basement, two with finished area, central air conditioning, one or three fireplaces and a garage ranging in size from 483 to 600 square feet of building area. The comparables sold from May 2017 to January 2018 for prices ranging from \$750,000 to \$889,000 or from \$281.27 to \$296.83 per square foot of living area, land included.

In a written response, the board of review asserted the appellant's comparable #1 had roof leakage and water seepage in the basement. The board of review also noted that appellant's comparable #2 sold approximately 16 months prior to the 2018 assessment date and that the property was remodeled after the sale. The board of review further noted that appellant's comparable #3 contains 24.0% greater above grade living area than the subject. The board of review submitted Multiple Listing Service (MLS) sheets and property record cards on the appellant's comparables #1 and #2 to support statements in their written response. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #1 which was reported to have roof leakage and water in the basement, calling into question the condition of the property at the time of sale. The Board gave less weight to the appellant's comparable #2 which sold in 2016, less proximate in time to be indicative of the subject's market value as of the January 1, 2018 assessment date. The Board finds the best evidence of market value to be appellant's comparable #3 along with board of review comparables which are more similar to the subject in terms of location, age, design, site and most features. These four comparables sold from May 2017 to January 2018 for prices

ranging from \$750,000 to \$979,000 or from \$240.25 to \$296.83 per square foot of living area, including land. Two of these four comparables have unfinished basements similar to the subject and sold for \$240.25 or \$286.37 per square foot. The subject's assessment reflects a market value of \$840,964 or \$255.92 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences with the subject, the Board finds the evidence in the record supports the subject's assessment and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
