

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mike & Lesli Koskela  
DOCKET NO.: 18-01905.001-R-1  
PARCEL NO.: 15-31-201-078

The parties of record before the Property Tax Appeal Board are Mike & Lesli Koskela, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$50,111  
**IMPR.:** \$243,317  
**TOTAL:** \$293,428

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 5,291 square feet of living area. The dwelling was constructed in 1987. Features of the home include a basement with finished area, central air conditioning, three fireplaces and a 925 square foot attached garage. The property has a 40,377 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellants, through counsel, contends assessment inequity as the basis of the appeal. The land assessment was not contested. In support of this argument the appellants submitted information on three equity comparables located from 0.07 to 0.16 of a mile from the subject property. The comparables were improved with two-story dwellings of brick exterior construction that range in size from 4,160 to 5,721 square feet of living area. The dwellings were built in 1985 or 1987. The comparables have basements with finished area, central air

conditioning, two to four fireplaces and attached garages that range in size from 736 to 1,036 square feet of building area. One comparable has an inground swimming pool. The comparables have improvement assessments that range from \$137,547 to \$169,978 or from \$29.18 to \$34.02 per square foot of living area. Based on this evidence, the appellants requested the subject's improvement assessment be reduced to \$163,862 or \$30.97 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$293,428. The subject property has an improvement assessment of \$243,317 or \$45.99 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located from 0.366 to 0.552 of a mile from the subject property. The comparables are improved with two-story dwellings of brick exterior construction that range from 4,628 to 5,665 square feet of living area. The dwellings were built from 1986 to 1997. Each comparable has a basement with finished area, central air conditioning, one to four fireplaces and attached garage that range in size from 816 to 1,125 square feet of building area. The comparables have improvement assessments that range from \$218,544 to \$278,500 or from \$47.22 to \$49.16 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board gave less weight to the appellants' comparables #1 and #3 due to differences in dwelling size relative to the subject and board of review comparable #1 for its newer age. The Board finds the best evidence of assessment equity to be appellants' comparable #2 and board of review comparables #2, #3 and #4. These comparables are more similar in location, dwelling size, age and features when compared to the subject. These comparables had improvement assessments that ranged from \$137,547 to \$278,500 or from \$29.18 to \$49.16 per square foot of living area. The subject's improvement assessment of \$243,317 or \$45.99 per square foot of living area falls within the range established by the best comparables in this record and below each of the board of review comparables on a square foot basis. Based on this record the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
