

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew Plocker  
DOCKET NO.: 18-01946.001-R-1  
PARCEL NO.: 16-29-109-023

The parties of record before the Property Tax Appeal Board are Andrew Plocker, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$56,860  
**IMPR.:** \$273,180  
**TOTAL:** \$330,040

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,541 square feet of living area. The dwelling was constructed in 2011. Features of the home include an unfinished basement, central air conditioning and a 735 square foot garage. The property is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.69 of a mile from the subject property. The comparables are improved with two-story dwellings of brick exterior construction that range in size from 3,045 to 3,540 square feet of living area. The homes were built in 2008 or 2009. Each comparable has a basement, one with finished area, central air conditioning, one fireplace and a garage ranging in size from 440 to 626 square feet of building area. The comparables sold from March 2016 to March 2018 for prices ranging from \$710,000

to \$755,000 or from \$213.28 to \$242.20 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$270,945.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$330,040. The subject's assessment reflects a market value of \$997,703 or \$281.76 per square foot of living area, land included, when using the 2018 three year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within approximately 0.54 of a mile from the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 2,979 to 3,797 square feet of living area. The homes were built from 2010 to 2015. Each comparable has a basement, one with finished area, central air conditioning, one fireplace and a garage ranging in size from 400 to 770 square feet of building area. The comparables sold from January 2017 to June 2018 for prices ranging from \$995,000 to \$1,278,000 or from \$321.69 to \$364.86 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds this burden of proof was not met and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board gave less weight to appellant's comparables #1 and #2 along with board of review comparables #3 and #4 due to significantly smaller dwelling sizes when compared to the subject. The Board gave less weight to appellant comparable #3 which sold in March 2016 and is dated and less indicative of fair market value as of the subject's January 1, 2018 assessment date.

The Board finds the best evidence of market value to be board of review comparable sales #1 and #2 which are more similar to the subject in terms of location, age, design, dwelling size and features. These most similar comparables sold in January or February 2017 for prices of \$1,250,000 or \$1,278,000 or for \$336.58 or \$364.86 per square foot of living area, including land. The subject's assessment reflects a market value of \$997,703 or \$281.76 per square foot of living area, including land, which is less than the best comparable sales in this record. After considering adjustments to the comparables for differences with the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
