

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Warren Habib
DOCKET NO.: 18-02018.001-R-1
PARCEL NO.: 13-23-208-009

The parties of record before the Property Tax Appeal Board are Warren Habib, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$73,945
IMPR.: \$199,188
TOTAL: \$273,133

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 4,118 square feet of living area. The dwelling was constructed in 1999. Features of the home include a basement with finished area, central air conditioning, three fireplaces and a 721 square foot garage. The subject also has an 800 square foot in-ground swimming pool and a 192 square foot shed. The property has a 127,195 square foot site and is located in North Barrington, Cuba Township, Lake County.

The appellant through counsel contend assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on three suggested equity comparables located in the same neighborhood and from 1.03 to 2.11 miles from the subject property. The comparables were improved with two-story dwellings of wood siding, stone or dryvit exterior construction that range in size from 3,879 to

4,553 square feet of living area. The dwellings were built from 1992 to 2001. Each comparable has a basement with finished area, central air conditioning, two or three fireplaces and a garage ranging in size from 712 to 1,064 square feet of building area. The comparables have improvement assessments that range from \$149,467 to \$189,112 or from \$35.78 to \$41.54 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$159,022 or \$38.62 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$273,133. The subject property has an improvement assessment of \$199,188 or \$48.37 per square foot of living area. In support of its contention of the correct assessment the board of review submitted property record cards and a grid analysis on four suggested equity comparables located in the same neighborhood and within 0.942 of a mile from the subject property. The comparables were improved with two-story dwellings of brick exterior construction ranging in size from 4,113 to 4,205 square feet of living area. The dwellings were built from 2001 to 2008. Each comparable has a basement with finished area, central air conditioning, two fireplaces and a garage ranging in size from 744 to 1,279 square feet of building area. The comparables have improvement assessments that range from \$219,626 to \$269,340 or from \$53.40 to \$64.85 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board gave less weight to the appellant's comparables as they are located over 1 mile from the subject property.

The Board finds the best evidence of assessment equity to be the board of review comparables. These comparables are similar when compared to the subject in location, age, dwelling size and features. These comparables had improvement assessments that ranged from \$219,626 to \$269,340 or from \$53.40 to \$64.85 per square foot of living area. The subject's improvement assessment of \$199,188 or \$48.37 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
