

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stanley and Barbara Czerwinski
DOCKET NO.: 18-02031.001-R-1
PARCEL NO.: 14-33-111-046

The parties of record before the Property Tax Appeal Board are Stanley and Barbara Czerwinski, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$56,762
IMPR.: \$272,872
TOTAL: \$329,634

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 5,142 square feet of living area. The dwelling was constructed in 1994. Features of the home include an unfinished basement, central air conditioning, two fireplaces and an 816 square foot garage. The property has a 60,215 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant, through counsel, contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 4,806 to 5,144 square feet of living area. The homes were built from 1984 to 1986. Each comparable has a basement, central air conditioning, three

or four fireplaces and a garage with 858 or 1,080 square feet of building area. The comparables had improvement assessments ranging from \$177,453 to \$232,116 or from \$36.92 and \$45.50 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$216,461 or \$42.10 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$329,634. The subject property has an improvement assessment of \$272,872 or \$53.07 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on six equity comparables located in the same neighborhood code as the subject. The comparables are improved with two-story dwellings of brick exterior construction that range in size from 4,531 to 5,276 square feet of living area. The homes were built from 1994 to 2000. Each comparable has a basement, central air conditioning, one to three fireplaces and a garage ranging in size from 718 to 1,054 square feet of building area. The comparables had improvement assessments ranging from \$249,106 to \$293,825 or from \$52.68 to \$60.06 per square feet of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1 and #2 due to their dissimilar dwelling sizes compared to the subject. The Board gave less weight to board of review comparables #2, #3, #5 and #6 due to dissimilarities in dwelling size, garage size and/or basement size compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 along with board of review comparables #1 and #4 which are similar to the subject in terms of location, design, age, dwelling size and features. These comparables had improvement assessments that ranged from \$232,116 to \$293,825 or from \$45.50 to \$58.15 per square foot of living area. The subject's improvement assessment of \$272,872 or \$53.07 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
