

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pratibha Murli
DOCKET NO.: 18-02047.001-R-1
PARCEL NO.: 11-32-107-014

The parties of record before the Property Tax Appeal Board are Pratibha Murli, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$56,368
IMPR.: \$141,196
TOTAL: \$197,564

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,321 square feet of living area. The dwelling was constructed in 1999. Features of the home include an unfinished full basement, central air conditioning, a fireplace and a 649 square foot attached garage. The property has a 11,037 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.57 of a mile from the subject property. The comparables have sites that range in size from 9,766 to 10,580 square feet of land area and are improved with two-story dwellings of brick exterior construction that range in size from 3,321 to 3,701 square feet of living area. The homes were built in 1999 or 2000. Each of the comparables has an unfinished basement, central air conditioning, one fireplace and

an attached garage that range in size from 622 to 649 square feet of building area. The comparables sold from July 2017 to April 2018 for prices ranging from \$490,000 to \$511,000 or from \$138.07 to 147.55 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$159,817.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$197,564. The subject's assessment reflects a market value of \$597,231 or \$179.84 per square foot of living area, land included, when using the 2018 three year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on six comparable sales located within 1.51 miles from the subject property. The comparables have sites that range in size from 10,467 to 19,131 square feet of land area and are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 3,072 to 3,498 square feet of living area. The homes were built from 1998 to 2003. Each comparable has an unfinished basement and an attached garage that range in size from 582 to 656 square feet of building area. Five comparables have central air conditioning, four comparables have one fireplace each and one comparable has three fireplaces. The comparables sold from March 2017 to June 2018 for prices ranging from \$575,000 to \$616,000 or from \$172.24 to \$190.76 per square foot of living area, land included.

In rebuttal, the board of review commented on the appellant's comparable sales #2 and #3 with respect to location adjacent to a busy four lane street and provided plat maps for these two comparables which supported the statement. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparables for the Board's consideration. The comparables have a high degree of similarity with the subject in terms of dwelling size and most features. The Board gives less weight to the board of review's comparables #1 and #2 which are located more than one mile from the subject and are newer in age relative to the subject and other comparables in the record. The Board finds the best evidence of market value to be the appellant's comparables and board of review comparables #3 through #6 which are more comparable in location, site size, age, dwelling size and most features. These most similar comparables sold from July 2017 to June 2018 for prices ranging from \$490,000 to \$602,500 or from \$138.07 to \$179.18 per square foot of living area, including land. The subject's assessment reflects a market value of \$597,231 or \$179.84 per square foot of living area, including land, which is within the range of overall market value and above the price per square foot range established by the best

comparable sales in this record. The comparable sale with the highest sale price per square foot of \$179.18 is located closest to the subject, has a larger site, smaller dwelling size, an equal bathroom count but no central air conditioning. The evidence in this record supports the subject's assessment. Therefore, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
