

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Craig A. Umphress
DOCKET NO.: 18-02226.001-R-1
PARCEL NO.: 15-08-214-024

The parties of record before the Property Tax Appeal Board are Craig A. Umphress, the appellant, by attorney Sreeram Natarajan, of Natarajan Worstell LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,369
IMPR.: \$127,458
TOTAL: \$159,827

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,442 square feet of living area. The dwelling was constructed in 1991. Features of the home include an unfinished basement, central air conditioning and a 440 square foot garage. The property has a 13,068 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant, through counsel, contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of wood siding exterior construction that range in size from 2,442 to 2,968 square feet of living area. The homes were built in 1988 or 1989. Each comparable has a basement, two with finished area, central air

conditioning and a garage with either 420 or 440 square feet of building area. Three of the comparables each have one fireplace. The comparables had improvement assessments ranging from \$86,356 to \$129,323 or from \$31.96 to \$43.57 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$97,460 or \$39.91 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$159,827. The subject property has an improvement assessment of \$127,458 or \$52.19 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on eight equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of wood siding exterior construction that each have 2,442 square feet of living area. The homes were built from 1989 to 1993. Each comparable has a basement, seven with finished area, central air conditioning and a 440 square foot garage. Two of the comparables each have one fireplace. The comparables had improvement assessments ranging from \$119,972 to \$131,411 or from \$49.13 to \$53.81 per square foot of living area. The board of review included comments asserting that all of their equity comparables are the same model as the subject, while the appellant used one comparable that was the same model as the subject. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 13 equity comparables for the Board's consideration. The Board gave less weight to appellant's comparables #1, #2, #4 and #5 due to differences in dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 and board of review comparables which are similar to the subject in location, age, design, features and identical to the subject in dwelling size. These comparables had improvement assessments ranging from \$105,969 to \$131,411 or from \$43.39 to \$53.81 per square foot of living area. The subject's improvement assessment of \$127,458 or \$52.19 per square foot of living area falls above the range established by the best comparables in this record. After considering adjustments to the comparables for differences with the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
