

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alysa Weber
DOCKET NO.: 18-02238.001-R-1
PARCEL NO.: 15-17-413-007

The parties of record before the Property Tax Appeal Board are Alysa Weber, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,876
IMPR.: \$195,606
TOTAL: \$242,482

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,610 square feet of living area. The dwelling was constructed in 1993. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 750 square foot garage. The property has a 16,200 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.17 of a mile from the subject property. The comparables have sites with 15,000 or 16,181 square feet of land area and are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 4,020 to 4,282 square feet of living area. The homes were built in 1990 or 1991. Each comparable has a basement, two with finished area, central air conditioning, one fireplace and a

garage with either 775 or 800 square feet of building area. The comparables sold from July 2015 to April 2017 for prices ranging from \$525,000 to \$635,000 or from \$125.78 to \$148.63 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$216,521.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$242,482. The subject's assessment reflects a market value of \$733,017 or \$159.01 per square foot of living area, land included, when using the 2018 three year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within approximately 0.20 of a mile from the subject property. Board of review comparable #2 is the same property as the appellant's comparable #2. The comparables have sites that range in size from 15,000 to 15,448 square feet of land area and are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 3,808 to 4,137 square feet of living area. The homes were built from 1991 to 1999. Each comparable has a basement with finished area, central air conditioning and a garage ranging in size from 704 to 800 square feet of building area. Three comparables have either one or two fireplaces. The comparables sold from April 2017 to September 2018 for prices ranging from \$597,500 to \$685,000 or from \$148.63 to \$178.57 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six comparable sales for the Board's consideration as one comparable was common to both parties. The Board finds neither of the parties' comparables are particularly similar to the subject due to differences when compared to the subject. Nonetheless, the Board gave less weight to the appellant's comparables #1 and #3 which sold in 2015 or 2016 and are dated and less likely to be indicative of fair market value as of the subject's January 1, 2018 assessment date. The Board gave less weight to the board of review comparables #3 and #4 which have dissimilar dwelling sizes when compared to the subject.

The Board finds the best evidence of market value to be appellant's comparable #2/board of review comparable #2 and board of review comparable #1 which are similar to the subject in location, age, design and sold proximate to the January 1, 2018 assessment date at issue. These two comparables have smaller sites, smaller dwelling sizes and finished basements compared to the subject. These two comparables sold in April and June 2017 for prices of \$597,500 and \$685,000 or for \$148.63 and \$165.58 per square foot of living area, including land, respectively.

The subject's assessment reflects a market value of \$733,017 or \$159.01 per square foot of living area, including land, which is bracketed on a price per square foot basis by the two best comparable sales in this record. The subject's higher overall value appears to be justified given its larger site size and dwelling size. After considering adjustments to the comparables for differences with the subject, the Board finds a preponderance of evidence supports the subject's assessment and a reduction is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
