

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mohamed Abdelkhalek  
DOCKET NO.: 18-02241.001-R-1  
PARCEL NO.: 15-08-403-016

The parties of record before the Property Tax Appeal Board are Mohamed Abdelkhalek, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$30,538  
**IMPR.:** \$118,816  
**TOTAL:** \$149,354

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,442 square feet of living area. The dwelling was constructed in 1988. Features of the home include a basement with finished area, central air conditioning and a 440 square foot garage. The property has a 9,100 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant, through counsel, contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the subject's neighborhood code. The comparables are improved with two-story dwellings of wood siding exterior construction that range in size from 2,166 to 3,223 square feet of living area. The homes were built from 1988 to 1992. Each comparable has a basement, two with finished area, central air conditioning and a

garage with 420 square feet of building area. One comparable has a fireplace. Comparable #1 also features a 774 square foot inground swimming pool. The comparables had improvement assessments ranging from \$83,010 to \$139,435 or from \$37.10 to \$43.26 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$96,605 or \$39.56 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$149,354. The subject property has an improvement assessment of \$118,816 or \$48.66 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of wood siding exterior construction that each have 2,442 square feet of living area. The homes were built from 1989 to 1992. Each comparable has a basement, three with finished area, central air conditioning and a 440 square foot garage. One comparable has a fireplace. The comparables had improvement assessments ranging from \$119,255 to \$125,271 or from \$48.83 to \$51.30 per square foot of living area. The board of review grid analysis included a comment indicating that all of their equity comparables are the same model as the subject. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board gave less weight to the appellant's comparables as comparable #1 includes an inground swimming pool which the subject lacks and comparables #2 and #3 which have significantly different dwelling sizes when compared to the subject. The Board also gave less weight to board of review comparable #3 which has an unfinished basement dissimilar to the subject's finished basement.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #4 which are similar to the subject in location, age, dwelling size and features. These comparables had improvement assessments that ranged from \$119,255 to \$125,271 or from \$48.83 to \$51.30 per square foot of living area. The subject's improvement assessment of \$118,816 or \$48.66 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
