

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sergio Zepeda
DOCKET NO.: 18-02244.001-R-1
PARCEL NO.: 16-32-316-036

The parties of record before the Property Tax Appeal Board are Sergio Zepeda, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$53,439
IMPR.: \$195,727
TOTAL: \$249,166

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,764 square feet of living area. The dwelling was constructed in 1992. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 691 square foot attached garage. The property is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the same neighborhood code assigned by the township assessor as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 3,490 to 3,938 square feet of living area. The homes were built from 1993 to 1999. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage ranging in size from 462 to 713 square feet of building

area. The comparables have improvement assessments ranging from \$165,811 to \$186,058 or from \$43.36 to \$47.51 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$173,294 or \$46.04 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$249,166. The subject property has an improvement assessment of \$195,727 or \$52.00 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code assigned by the township assessor as the subject property. The comparables are improved with two-story dwellings of brick exterior construction that range in size from 3,742 to 3,848 square feet of living area. The homes were built from 1988 to 1993. Each comparable has a basement, two with finished area, central air conditioning, one fireplace and a garage ranging in size from 552 to 770 square feet of building area. The comparables have improvement assessments that range from \$187,949 to \$222,862 or from \$49.45 to \$58.39 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #3 due to its smaller dwelling size relative to the subject. The Board gave less weight to board of review comparables #2 and #3 due to their finished basements when compared to the subject's unfinished basement. The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #2 along with board of review comparables #1 and #4 which are more similar to the subject in terms of location, age, design, size and most features. These comparables had improvement assessments that ranged from \$166,934 to \$222,862 or from \$43.36 to \$57.92 per square foot of living area. The subject's improvement assessment of \$195,727 or \$52.00 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences with the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A

practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
