

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kristen Devisetty
DOCKET NO.: 18-02248.001-R-1
PARCEL NO.: 16-07-110-003

The parties of record before the Property Tax Appeal Board are Kristen Devisetty, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$117,692
IMPR.: \$178,239
TOTAL: \$295,931

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,977 square feet of living area. The dwelling was constructed in 1961. Features of the home include a basement with finished area, central air conditioning, two fireplaces and a 575 square foot garage. The property is located in Lake Forest, West Deerfield Township, Lake County.

The appellant, through counsel, contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the same neighborhood as the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 3,346 to 3,948 square feet of living area. The homes were built from 1926 to 1968. Each comparable has a basement, two with finished area, central air conditioning, one to three fireplaces and a garage ranging in size from 484 to 576 square feet

of building area. The comparables had improvement assessments ranging from \$122,345 to \$143,848 or from \$32.26 to \$37.43 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$140,693 or \$35.38 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$295,931. The subject property has an improvement assessment of \$178,239 or \$44.82 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick exterior construction that range in size from 3,749 to 4,508 square feet of living area. The homes were built from 1950 to 1971. Each comparable has a basement, two with finished area, central air conditioning, one or two fireplaces and one or two garages ranging from 378 to 900 square feet of building area. The comparables had improvement assessments ranging from \$185,063 to \$234,447 or from \$46.17 to \$53.34 per square foot of living area. Based on this evidence, the board or review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparable #2 and board of review comparable #1 as each has a dissimilar dwelling size compared to the subject. The Board gave less weight to the appellant's comparable #3 and board of review comparable #4 due to dissimilar ages when compared to the subject. The Board also gave less weight to board of review comparables #2 as it has a second garage unlike the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #1 and board of review comparable #3 which are similar to the subject in location, age, design, dwelling size and most features. These comparables had improvement assessments that ranged from \$122,345 and \$193,927 or \$32.26 and \$51.14 per square foot of living area, respectively. The subject's improvement assessment of \$178,239 or \$44.82 per square foot of living area is bracketed by the two best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
