

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gail Beveridge
DOCKET NO.: 18-02268.001-R-1
PARCEL NO.: 14-31-302-030

The parties of record before the Property Tax Appeal Board are Gail Beveridge, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$59,859
IMPR.: \$157,034
TOTAL: \$216,893

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story brick dwelling with 3,318 square feet of living area. The dwelling was constructed in 1968. Features of the home include a basement with 1,363 square feet of finished area,¹ central air conditioning, a fireplace and a 484-square foot garage. The property has a 20,786 square foot lakefront site and is located in Barrington, Ela Township, Lake County.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted information on three comparable sales of properties located within .42 of a mile from the subject, all of which share the same neighborhood code as the subject. The dwellings were built from 1966 to 1969 and consist of two-story brick single-family dwellings. The houses range

¹ Although the grid analyses submitted by both parties state that the subject property has an unfinished basement, the schematics submitted by each party depict that it has 1,363 square feet of finished area.

in size from 3,444 to 3,564 square feet of living area and are situated on sites ranging in size from 21,383 to 21,883 square feet of land area. According to the grid analysis, the dwellings each have an unfinished basement, but the schematics show that comparable #3 has 896 square feet of finished area. The homes also have central air-conditioning, one or two fireplaces, and a garage ranging in size from 462 to 550 square feet of building area. These comparables sold from May 2017 to April 2018 for prices ranging from \$510,000 to \$645,000 or from \$147.06 to \$180.98 per square foot of living area, including land. Based on this evidence, the appellant requested an assessment of \$182,490, which reflects a market value of approximately \$547,525 or \$165.01 per square foot of living area, land included, at the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$216,893. The subject's assessment reflects a market value of approximately \$655,662 or \$197.61 per square foot of living area, land included, when using the 2018 three-year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted a grid analysis and property record cards containing information on the subject and four comparable sales, one of which was also submitted by the appellant. The properties are located within .27 of a mile from the subject and have the same neighborhood code as the subject. The dwellings consist of two-story brick single-family dwellings situated on lakefront sites containing from 17,221 to 22,926 square feet of land area. The homes were built from 1969 to 1972 and range in size from 3,068 to 3,793 square feet of living area. The comparables each have a basement, two of which have finished area, according to the property record cards submitted by the board of review. Each comparable has central air conditioning, one or two fireplaces, and a garage ranging in size from 550 to 780 square feet of building area. The comparables sold from May to November 2017 for prices ranging from \$645,000 to \$800,000 or from \$180.98 to \$260.76 per square foot of living area, including land. Based on the foregoing evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

To support their respective positions before the Property Tax Appeal Board, the parties submitted a total of six comparable sales² with varying degrees of similarity to the subject. The Board gave less weight to appellant's comparables #1 and #2 which are not lakefront properties as is the subject.

² Appellant's comparable #3 is the same property as board of review comparable #4.

The Board finds that the board of review comparables, which includes the parties' common comparable, were the best comparables submitted in the record and were similar to the subject in location, age, design, size and most features, although each has a slightly larger garage when compared to the subject property. These comparables sold from May to November 2017 for prices ranging from \$645,000 to \$800,000 or from \$180.98 to \$260.76 per square foot of living area, land included. The subject's assessment reflects an estimated market value of \$655,662 or \$197.61 per square foot of living area, land included, which falls within the range established by the best comparable sales submitted for the Board's consideration. After considering adjustments to the comparables for any differences from the subject, the Board finds the subject's assessed value is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
