

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lynda Deuble
DOCKET NO.: 18-02352.001-R-1
PARCEL NO.: 15-23-107-003

The parties of record before the Property Tax Appeal Board are Lynda Deuble, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$43,019
IMPR.: \$123,589
TOTAL: \$166,608

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick construction with 3,143 square feet of living area. The dwelling was built in 1993. Features of the home include a slab foundation, central air conditioning, one fireplace and a two-car attached garage with 483 square feet of building area. The property has a 6,970 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on seven comparable sales improved with two-story dwellings with brick exteriors that range in size from 3,125 to 3,502 square feet of living area. The dwellings were built in 1993 or 1995. Each comparable has central air conditioning, one or two fireplaces, and an attached garage ranging in size from 400 to 483 square feet of building area. These properties have sites ranging in size from 6,098 to 9,583 square feet of land area and are

located within .38 miles of the subject property. The sales occurred from August 2016 to June 2018 for prices ranging from \$405,000 to \$565,000 or from \$127.07 to \$166.52 per square foot of living area, land included. The appellant requested the subject's assessment be reduced to \$152,944.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$166,608. The subject's assessment reflects a market value of \$503,652 or \$160.25 per square foot of living area, land included, when using the 2018 three-year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales improved with two-story dwellings with brick exteriors ranging in size from 3,213 to 3,502 square feet of living area. The homes were built from 1993 and 1995. Each comparable has central air conditioning, one or two fireplaces and an attached garage ranging in size from 400 to 480 square feet of building area. The comparables have sites ranging in size from 6,098 to 10,019 square feet of land area and are located within approximately .38 miles from the subject property. The sales occurred from June 2017 to October 2018 for prices ranging from \$510,000 to \$575,000 or from \$149.91 to \$169.47 per square foot of living area, including land. Board of review comparables #1 and #3 are the same properties as appellant's comparables #5 and #6. The board of review requested the assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine sales submitted by the parties to support their respective positions, with two comparables being common. The Board gives most weight to appellant's comparables #1, #5 and #6, which includes board of review comparables #1 and #3, as well as board of review comparables #2 and #4. These comparables sold most proximate in time to the assessment date at issue as well as being like the subject property in location, age and physical characteristics. These comparables sold for prices ranging from \$447,000 to \$575,000 or from \$127.07 to \$169.47 per square foot of living area, including land. The subject's assessment reflects a market value of \$503,652 or \$160.25 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Less weight was appellant's comparable sales #2, #3, #4 and #7 due to the sale dates not being as proximate in time to the assessment date as the best sales found herein. Based on this evidence the Board finds the assessment of the subject property as established by the board of review is correct and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
