

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eric Gordon
DOCKET NO.: 18-02459.001-R-1
PARCEL NO.: 15-28-310-015

The parties of record before the Property Tax Appeal Board are Eric Gordon, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,554
IMPR.: \$145,528
TOTAL: \$185,082

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,876 square feet of living area. The dwelling was constructed in 1985. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 483 square foot garage. The property has a 16,465 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the same neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction that range in size from 2,812 to 3,090 square feet of living area. The homes were built in 1986 or 1988. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage

ranging in size from 400 to 483 square feet of building area. The comparables had improvement assessments ranging from \$134,507 to \$143,337 or from \$44.42 to \$48.84 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$135,258 or \$47.03 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$185,082. The subject property has an improvement assessment of \$145,528 or \$50.60 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of wood siding exterior construction that range in size from 2,715 to 2,924 square feet of living area. The homes were built in 1986 or 1988. Each comparable has a basement, three with finished area, central air conditioning and a garage with 440 or 483 square feet of building area. Three comparables each have one or two fireplaces. The comparables had improvement assessments ranging from \$143,523 to \$153,290 or from \$51.03 to \$54.32 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board gave less weight to board of review comparables #1, #3 and #4 which have finished basements in contrast to the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be the appellant's comparables and board of review comparable #2 which are similar to the subject in location, age, design, dwelling size and features. These comparables had improvement assessments that ranged from \$134,507 to \$149,214 or from \$44.42 to \$51.03 per square foot of living area. The subject's improvement assessment of \$145,528 or \$50.60 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
