

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Wesley Burgeson
DOCKET NO.: 18-02568.001-R-1
PARCEL NO.: 05-25-407-012

The parties of record before the Property Tax Appeal Board are Wesley Burgeson, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,433
IMPR.: \$78,036
TOTAL: \$87,469

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,848 square feet of living area. The dwelling was constructed in 2001. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 460 square foot garage. The property has a 7,266 square foot site and is located in Round Lake, Grant Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on twelve comparable sales located within 1.20 miles from the subject property. The comparables have sites that range in size from 7,706 to 22,642 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that range in size from 2,741 to 2,933 square feet of living area. The homes were built from 2000 to 2005. Each comparable has a basement, four with finished area, central air conditioning and a

garage ranging in size from 420 to 649 square feet of building area. Eight of the comparables each have one fireplace. The comparables sold from March 2017 to July 2018 for prices ranging from \$245,000 to \$289,000 or from \$86.79 to \$102.26 per square foot of living area, land included.

The appellant's counsel submitted Multiple Listing Service (MLS) sheets on their comparables #1, #4 and #7 as supporting documentation for each sale. Based on this evidence, the appellant requested the subject's assessment be reduced to \$81,634.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$87,469. The subject's assessment reflects a market value of \$264,417 or \$92.84 per square foot of living area, land included, when using the 2018 three year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In response to the appellant's comparables, the board of review submitted written comments stating that eight of the appellant's twelve gridded sales had assessments that were higher than the subject property on a per square foot basis.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within approximately 0.25 of a mile from the subject property. Board of review's comparables #1, #2 and #3 are the same properties as the appellant's comparable #10, #5 and #8, respectively. The comparables have sites that range in size from 7,706 to 15,194 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that range in size from 2,787 to 2,933 square feet of living area. The homes were built from 2002 to 2004. Each comparable has an unfinished basement, central air conditioning and a garage with either 440 or 460 square feet of building area. Two of the comparables each have one fireplace. The comparables sold from March to July 2017 for prices ranging from \$279,500 to \$289,000 or from \$98.53 to \$102.26 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains twelve comparables for the Board's consideration as three of the comparables were submitted by both parties. The Board gave less weight to the appellant's comparables #1 through #4, #6, #7, #9 and #11 which are located more than one mile from the subject and/or have finished basement area which the subject property lacks.

The Board finds the best evidence of market value to be the remaining four comparables which includes the three common comparables. These comparables are similar to the subject in location, age, design, dwelling size and features but have varying degrees of similarity to the subject in their site sizes. These comparables sold from March 2017 to June 2018 for prices ranging from \$279,000 to \$289,000 or from \$98.53 to \$102.26 per square foot of living area, including land. The subject's assessment reflects a market value of \$264,417 or \$92.84 per square foot of living area, including land, which falls below the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences with the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
