

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Husnick
DOCKET NO.: 18-02701.001-R-1
PARCEL NO.: 11-28-107-007

The parties of record before the Property Tax Appeal Board are Joseph Husnick, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$58,840
IMPR.: \$85,812
TOTAL: \$144,652

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,446 square feet of living area. The dwelling was constructed in 1976. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 462 square foot garage. The property has an 8,321 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.51 of a mile from the subject property. The comparables have sites that range in size from 8,236 to 11,493 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that range in size from 2,446 to 2,674 square feet of living area. The homes were built in 1977 or 1978. Each comparable has an unfinished basement, central air conditioning and a garage with

462 square feet of building area. Two of the comparables each have one fireplace. The comparables sold in April and August 2016 for prices ranging from \$375,000 to \$390,000 or from \$143.04 to \$153.31 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$122,090.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$144,652. The subject's assessment reflects a market value of \$437,279 or \$178.77 per square foot of living area, land included, when using the 2018 three year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 0.56 of a mile from the subject property. The comparables have sites that range in size from 8,651 to 10,628 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that each have 2,446 square feet of living area. The homes were built in 1977 or 1978. Each comparable has an unfinished basement, central air conditioning and a 462 square foot garage. Three of the comparables each have one fireplace. The comparables sold from May to November 2017 for prices ranging from \$427,500 to \$465,000 or from \$174.78 to \$190.11 per square foot of living area, land included. The board of review commented that each of their comparables had above grade living area and basement area equal to the subject and that each of the appellant's comparable sales had sold in 2016. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparables for the Board's consideration. The Board gave less weight to the appellant's comparables as they each sold in 2016 and are dated and less likely to be indicative of the subject's fair market value as of January 1, 2018.

The Board finds the best evidence of market value to be the board of review's comparable sales which are similar to the subject in location, age, design, dwelling size and features. These most similar comparables sold from May to November 2017 for prices ranging from \$427,500 to \$465,000 or from \$174.78 to \$190.11 per square foot of living area, including land. The subject's assessment reflects a market value of \$437,279 or 178.77 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences with the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
