

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Freed
DOCKET NO.: 18-02805.001-R-1
PARCEL NO.: 15-09-308-020

The parties of record before the Property Tax Appeal Board are Scott Freed, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,575
IMPR.: \$149,847
TOTAL: \$180,422

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,796 square feet of living area. The dwelling was constructed in 1999. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 484 square foot garage. The property has a 9,148 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.13 of a mile from the subject property. The comparables have sites that range in size from 7,841 to 9,148 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that range in size from 2,508 to 3,312 square feet of living area. The homes were built in 1998 or 1999. Each comparable has a basement with finished area, central air conditioning and a 484

square foot garage. Two comparables each have one fireplace. The comparables sold from January 2017 to May 2018 for prices ranging from \$437,500 to \$530,000 or from \$157.91 to \$187.54 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$166,812.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$180,422. The subject's assessment reflects a market value of \$545,411 or \$195.07 per square foot of living area, land included, when using the 2018 three year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within approximately 0.28 of a mile from the subject property. Board of review comparable #2 is the same property as the appellant's comparable #3. The comparables have sites that range in size from 7,405 to 8,276 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that have either 2,676 or 2,826 square feet of living area. The homes were built in 1998 or 2000. Each comparable has a basement with finished area, central air conditioning and a garage with 440 or 484 square feet of building area. One comparable has a fireplace. The comparables sold from June 2017 to September 2018 for prices ranging from \$525,000 to \$565,000 or from \$187.54 to \$211.14 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the evidence in the record does not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six comparables for the Board's consideration as one comparable was common to both parties. The Board gave less weight to the appellant's comparables #1 and #2 which are dissimilar to the subject in dwelling size. The Board gave less weight to the board of review comparable #1 which has dissimilar basement and finished basement area when compared to the subject.

The Board finds the best evidence of market value to be the appellant's comparable #3/board of review comparable #2 along with board of review comparables #3 and #4 which are similar to the subject in location, age, design, dwelling size and features. These comparables sold from August 2017 to September 2018 for prices ranging from \$525,000 to \$565,000 or from \$187.54 to \$211.14 per square foot of living area, including land. The subject's assessment reflects a market value of \$545,411 or \$195.07 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences with the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
