

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tom Leu
DOCKET NO.: 18-02953.001-R-1
PARCEL NO.: 21-14-01-104-015-0000

The parties of record before the Property Tax Appeal Board are Tom Leu, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Will** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,122
IMPR.: \$21,837
TOTAL: \$27,959

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a one-story dwelling of frame construction with 1,412 square feet of living area. The dwelling was constructed in 1954. Features of the home include a concrete slab foundation and central air conditioning. The property has a 7,273 square foot site and is located in Park Forest, Monee Township, Will County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on seven comparable sales located within .63 of a mile from the subject. The comparables are described as one-story dwellings ranging in size from 1,332 to 1,564 square feet of living area. The dwellings were constructed in 1954 or 1956. All comparables have concrete slab foundations, three comparables have central air conditioning and three comparables have garages ranging in size from 352 to 484 square feet of building area. The sales occurred from June 2017 to July 2018 for prices ranging from \$18,103 to \$66,500 or

from \$11.76 to \$48.05 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,959. The subject's assessment reflects a market value of \$83,936 or \$59.44 per square foot of living area, land included, when using the 2018 three-year average median level of assessment for Will County of 33.31% as determined by the Illinois Department of Revenue.

In response to the appeal, the board of review submitted a memorandum from the Monee Township Assessor along with additional data. The assessor contends the appellant's comparable sales #1, #2 and #5 are Bank REO or Seller/Buyer is a Financial Institution or Government Agency. The board of review also submitted a copy of the PTAX-203 Illinois Real Estate Transfer Declaration associated with each of these sales that disclosed each comparable was advertised for sale.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales identified by the township assessor. The comparables are located within the same neighborhood as the subject and are described as one-story dwellings of frame construction ranging in size from 1,144 to 1,532 square feet of living area. The dwellings were built from 1950 to 1957. Each property has a concrete slab foundation, three comparables have central air conditioning, two comparables each have a fireplace and two comparables each have a garage with either 484 or 520 square feet of building area. These properties have sites that range in size from 7,195 to 8,357 square feet of land area. The sales occurred from April 2017 to February 2019 for prices ranging from \$89,000 to \$116,000 or from \$63.75 to \$92.56 per square foot of living area, including land. Based on this evidence, the board of review requested no change to the subject's assessment.

In rebuttal the appellant's counsel asserted that the Property Tax Appeal Board shall consider compulsory sales as valid comparable sales pursuant to 35 ILCS 200/16-183 of the Property Tax Code. In addition, board of review comparable sales #1, #3 and #4 are not comparable to the subject due to their smaller dwelling size, garage feature and/or sale date in 2019 which is too remote in time to establish market value as of January 1, 2017.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains twelve sales submitted by the parties to support their respective positions. The Board gave less weight to the appellant's comparables #5, #6 and #7 along with the board of review comparable sales #1, #3 and #4 as these comparables either have a smaller dwelling size or superior garage feature when compared to the subject.

The Board finds the appellant's comparables #1 through #4 along with board of review comparable #2 were more similar to the subject in dwelling size, design, age and features, although three of the appellant's comparables lack central air conditioning. These comparables sold from June 2017 to October 2018 for prices ranging from \$18,103 to \$97,900 or from \$11.76 to \$70.94 per square foot of living area, including land. Excluding appellant's comparable sales #1 and #2 which appear to be outliers yields a tighter sale price range from \$63,500 to \$97,900 or from \$47.67 to \$70.94 per square foot of living area, including land. The subject's assessment reflects a market value of \$83,936 or \$59.44 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by the assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
