

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matina Koliopoulos
DOCKET NO.: 18-03048.001-R-1
PARCEL NO.: 16-05-14-101-009-0000

The parties of record before the Property Tax Appeal Board are Matina Koliopoulos, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,629
IMPR.: \$83,347
TOTAL: \$103,976

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick and siding exterior construction with 2,340 square feet of living area. The dwelling was constructed in 1992.¹ Features of the home include an unfinished basement, central air conditioning, a fireplace and a 546 square foot garage. The property has a 15,667 square foot site and is located in Homer Glen, Homer Township, Will County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted a grid analysis and listing sheets on three comparable sales located in the subject's neighborhood. The comparables have sites that range in size from 12,632 to 13,938 square feet of land area. The comparables are improved with one-story dwellings of masonry

¹ The parties differ as to the age of the subject dwelling. The Board finds the best evidence of dwelling age of the subject is found in the property record card provided by the board of review.

exterior construction each containing 2,340 square feet of living area. The dwellings were built from 1992 to 1996. Each comparable has a basement, one of which is partially finished.² The comparables each have central air conditioning and a garage containing 546 or 580 square feet of building area. Two comparables each have one fireplace. The properties sold from September 2015 to February 2018 for prices ranging from \$257,500 to \$307,000 or from \$110.04 to \$131.20 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$95,150 reflecting a market value of approximately \$285,480 as rounded, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$103,976. The subject's assessment reflects a market value of \$312,417 or \$133.40 per square foot of living area, land included, when using the 2018 three-year average median level of assessment for Will County of 33.31% as determined by the Illinois Department of Revenue.

In response to the appeal, the board of review submitted a letter from the Homer Township Assessor, along with a grid analysis reiterating the appellant's comparables. The grid analysis describes the comparables as each having brick and siding exterior construction. The parties' grid analyses differ slightly as to the site size of each of the appellant's comparables. The assessor argued that the appellant's comparables #2 and #3 sold in 2015 and 2016 which are more remote in time to the January 1, 2018.

In support of its contention of the correct assessment the board of review, through the township assessor, submitted a grid analysis and property record cards of the subject and three comparable sales located from .26 to .33 of a mile from the subject and within the subject's neighborhood. The comparables have sites that range in size from 12,155 to 12,811 square feet of land area. The comparables are improved with one-story dwellings of masonry exterior construction each containing 2,340 square feet of living area. The dwellings were built from 1994 to 1997. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage containing 580 square feet of building area. The properties sold from April to June 2017 for prices ranging from \$312,000 to \$330,000 or from \$133.33 to \$141.03 per square foot of living area, land included. Also submitted by the board of review was a map depicting the location of the comparables submitted by both parties relative to the subject's location. Based on this evidence, the board of review requested no change in the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

² The listing sheet for comparable #3 depicts a partially finished basement.

The record contains six suggested comparable sales for the Board's consideration. The Board gave less weight to the appellant's comparables #2 and #3 as their sales occurred in 2015 and 2016, which are dated and less likely to be indicative of the subject's market value as of the January 1, 2018 assessment date.

The Board finds the best evidence of market value to be the appellant's comparable sale #1 and the three comparables submitted by the board of review. These comparables are similar to the subject in location, dwelling size, design, age and features. They sold from April 2017 to February 2018 ranging from \$257,500 to \$330,000 or from \$110.04 to \$141.03 per square foot of living area, including land. The subject's assessment reflects a market value of \$312,417 or \$133.40 per square foot of living area, land included, which is within the range established by the best comparable sales in this record. After considering adjustments to the comparable sales for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
