

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James DAngelo
DOCKET NO.: 18-03110.001-R-1
PARCEL NO.: 16-29-212-005

The parties of record before the Property Tax Appeal Board are James DAngelo, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$50,824
IMPR.: \$221,265
TOTAL: \$272,089

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,815 square feet of living area. The dwelling was constructed in 2013. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 552 square foot garage. The property is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on seven comparable sales located within 0.59 of a mile from the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 2,410 to 3,076 square feet of living area. The homes were built from 2002 to 2017. Each comparable has a basement, two with finished area, central air conditioning, one fireplace and a garage ranging in size from 400 to 626 square feet of building area. The comparables sold from January 2017 to May 2018 for prices ranging from

\$545,000 to \$865,000 or from \$226.14 to \$295.12 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$253,324.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$272,089. The subject's assessment reflects a market value of \$822,518 or \$292.19 per square foot of living area, land included, when using the 2018 three year average median level of assessment for Lake County of 33.08% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within approximately 0.47 of a mile, with no distance from comparable #4 shown in the grid. Board of review's comparable #3 is the same property as the appellant's comparable #6. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 2,913 to 3,093 square feet of living area. The homes were built from 2015 to 2017. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage ranging in size from 400 to 462 square feet of building area. The comparables sold from February 2017 to June 2018 for prices ranging from \$830,000 to \$1,050,000 or from \$278.34 to \$352.47 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten comparables for the Board's consideration as one comparable was common to both parties. The Board gave less weight to the appellant's comparables #1 and #7 which are dissimilar in dwelling size when compared to the subject along with appellant's comparables #3 and #5 which have finished basements when compared to the subject's unfinished basement.

The Board finds the best evidence of market value to be appellant's comparable sales #2, #4 and #6/board of review comparable #3 along with board of review comparables #1, #2 and #4 which are similar to the subject in terms of location, age, design, dwelling size and features. These most similar comparables sold from January 2017 to June 2018 for prices ranging from \$710,000 to \$1,050,000 or from \$233.17 to \$352.47 per square foot of living area, including land. The subject's assessment reflects a market value of \$822,518 or \$292.19 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences with the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
