

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zachary Stern  
DOCKET NO.: 18-03169.001-R-1  
PARCEL NO.: 15-28-316-004

The parties of record before the Property Tax Appeal Board are Zachary Stern, the appellant, by attorney Abby L. Strauss, of Schiller, Strauss & Lavin P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$44,035  
**IMPR.:** \$132,560  
**TOTAL:** \$176,595

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,654 square feet of living area. The dwelling was constructed in 1989. Features of the home include a finished basement, central air conditioning, a fireplace and a 441 square foot garage. The property has an 11,625 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of wood siding exterior construction that have either 2,758 or 2,890 square feet of living area. The homes were built from 1989 to 1991. Each comparable has a finished basement, central air conditioning, one fireplace and a garage

with 420 square feet of building area. The comparables had improvement assessments ranging from \$116,944 to \$124,587 or from \$40.47 to \$45.17 per square foot of living area. Based on this evidence, the appellant requested the subject's assessment be reduced to \$114,918 or \$43.30 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$176,595. The subject property has an improvement assessment of \$132,560 or \$49.95 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of wood siding exterior construction that have either 2,654 or 2,740 square feet of living area. The homes were built in 1988 or 1989. Each comparable has a finished basement, central air conditioning, one fireplace and a garage with 420 or 441 square feet of building area. The comparables had improvement assessments ranging from \$120,221 to \$147,715 or \$45.30 to \$55.66 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds evidence in the record did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables along with board of review comparable #4 which differ from the subject in dwelling and garage size.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2 and #3 which have identical dwelling and garage sizes as the subject property and are similar in location, age design and features. These comparables had improvement assessments that ranged from \$120,221 to \$147,715 or from \$45.30 to \$55.66 per square foot of living area. The subject's improvement assessment of \$132,560 or \$49.95 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences with the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
