

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chris Goodsnyder
DOCKET NO.: 18-03244.001-R-1
PARCEL NO.: 16-33-404-083

The parties of record before the Property Tax Appeal Board are Chris Goodsnyder, the appellant, by attorney Adam E. Bossov, of the Law Offices of Adam E. Bossov, P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$68,031
IMPR.: \$152,656
TOTAL: \$220,687

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,726 square feet of living area. The dwelling was constructed in 1985. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 420 square foot garage. The property is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on six equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick exterior construction that range in size from 2,726 to 2,916 square feet of living area. The homes were built from 1984 to 1986. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage ranging in size from 400 to 462 square feet of building area. The comparables had

improvement assessments ranging from \$137,272 to \$153,602 or from \$49.21 to \$52.68 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$136,300 or \$50.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$220,687. The subject property has an improvement assessment of \$152,656 or \$56.00 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. Board of review comparable #1 is the same property as the appellant's comparable #5. The comparables are improved with two-story dwellings of brick exterior construction that range in size from 2,718 to 2,776 square feet of living area. The homes were built in 1985. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage with 420 or 440 square feet of building area. The comparables had improvement assessments ranging from \$139,471 to \$172,883 or from \$51.16 to \$62.94 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparables for the Board's consideration as one comparable was submitted by both parties. The Board gave less weight to the appellant's comparables #1, #2, #4 and #6 due to differences in dwelling sizes compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #3 and #5/board of review comparables #1 along with board of review comparable #2, #3 and #4 which are similar to the subject in location, age, design, dwelling size and features. These comparables had improvement assessments that ranged from \$137,272 to \$172,883 or from \$50.10 to \$62.94 per square foot of living area. The subject's improvement assessment of \$152,656 or \$56.00 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences with the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
