

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Judith Ann Caleca
DOCKET NO.: 18-04131.001-R-1
PARCEL NO.: 09-33-353-006

The parties of record before the Property Tax Appeal Board are Judith Ann Caleca, the appellant; and the McHenry County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **McHenry** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,136
IMPR.: \$45,524
TOTAL: \$59,660

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the McHenry County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick and vinyl exterior construction with 1,492 square feet of living area. The dwelling was constructed in 2001. Features of the home include a crawl-space foundation, central air conditioning and a 2-car garage. The property has a 12,000 square foot site and is located in McHenry, McHenry Township, McHenry County.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables that were located within the Boone Creek subdivision, like the subject. The comparables were split-level or two-story dwellings of frame and vinyl exterior construction that ranged in size from 1,174 to 1,548 square feet of living area. The homes were similar in age to the subject and had other features with varying degrees of similarity to the subject. The

comparables had improvement assessments that ranged from \$42,457 to \$45,119 or from \$24.97 to \$29.14 per square foot of living area.

Based on this evidence the appellant requested that the subject's total assessment be reduced to \$56,593.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,660. The subject property has an improvement assessment of \$45,524 or \$30.51 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables that were located within the Boone Creek subdivision, like the subject. The comparables were similar one-story dwellings of vinyl, frame or brick and vinyl exterior construction that contained either 1,492 or 1,536 square feet of living area. The homes were similar in age to the subject and had other features with varying degrees of similarity to the subject. The comparables had improvement assessments that ranged from \$46,944 to \$49,464 or from \$30.85 to \$32.20 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

The appellant submitted rebuttal critiquing the board of review's submission and included additional photographs of the board of review's comparables.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the board of review's comparables. These comparables were most similar to the subject in location, style, size, age and most features. The board of review's comparables had improvement assessments that ranged from \$46,944 to \$49,464 or from \$30.85 to \$32.20 per square foot of living area. The subject's improvement assessment of \$45,524 or \$30.51 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is well supported. The Board gave less weight to the appellant's comparables due to their dissimilar styles, when compared to the subject. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
