

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Subhash Tangri  
DOCKET NO.: 18-04491.001-R-1  
PARCEL NO.: 05-28-213-048

The parties of record before the Property Tax Appeal Board are Subhash Tangri, the appellant(s), by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$71,120  
**IMPR.:** \$142,460  
**TOTAL:** \$213,580

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with approximately 3,514 square feet of living area.<sup>1</sup> The dwelling was constructed in 1989. Features of the home include a partial basement, central air conditioning, a fireplace and a 650 square foot garage. The property has a 13,585 square foot site and is located in Wheaton, Milton Township, DuPage County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code assigned by the assessor as the subject. The comparables consist of two-story dwellings of frame and masonry exterior construction that were

built in 1990 or 1991. The homes range in size from 3,380 to 3,738 square feet of living area. Features include basements, one of which has finished area, central air conditioning and garages ranging in size from 600 to 690 square feet of building area. Two of the comparables each have one and two fireplaces, respectively. The comparables have improvement assessments ranging from \$135,450 to \$145,750 or from \$38.76 to \$42.54 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$136,977 or \$38.87 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$213,580. The subject property has an improvement assessment of \$142,460 or \$40.42 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same neighborhood code assigned by the assessor as the subject. The comparables consist of two-story dwellings of frame and masonry exterior construction that were built from 1988 to 1993. The homes range in size from 3,484 to 3,648 square feet of living area. Features include basements, central air conditioning, one or two fireplaces and garages ranging in size from 462 to 506 square feet of building area. The comparables have improvement assessments ranging from \$141,820 to \$155,940 or from \$40.71 to \$42.75 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six equity comparables to support their respective positions before the Property Tax Appeal Board. The comparables have varying degrees of similarity to the subject and had improvement assessments that ranged from \$135,450 to \$155,940 or from \$38.76 to \$42.75 per square foot of living area. The subject's improvement assessment of \$142,460 or \$40.42 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
