

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carl Inman
DOCKET NO.: 18-04849.001-R-1
PARCEL NO.: 14-2-15-35-04-404-088

The parties of record before the Property Tax Appeal Board are Carl Inman, the appellant; and the Madison County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Madison** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,290
IMPR.: \$76,750
TOTAL: \$92,040

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Madison County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year after notice of application of a township equalization factor. The Property Tax Appeal Board finds that it has limited jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and frame exterior construction that was reported to have 3,060 square feet of living area, including finished basement area. The dwelling was constructed in 1998. Features of the home include a partial finished walkout basement, central air conditioning, a fireplace and a 600 square foot garage. The property has a 22,680 square foot site. The subject property is located in Edwardsville Township, Madison County.

The appellant contends both overvaluation and assessment inequity as the bases of the appeal. In support of these arguments, the appellants submitted sales and assessment information on three comparable properties located in close proximity to the subject. The comparables are composed of two dissimilar one-story dwellings and one similar two-story dwelling. The comparables have varying degrees of similarity when compared to the subject in land area, age, dwelling size and

features. The comparables sold from February 2018 to February 2019 for prices ranging from \$215,000 to \$272,000. The comparables have land assessments ranging from \$13,320 to \$16,7980 and improvement assessments ranging from \$71,170 to \$77,740. Based on this evidence, the appellants requested a reduction in the subject's total assessment to \$72,116.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject property's final equalized assessment of \$94,360 was disclosed. The subject's assessment reflects an estimated market value of \$283,534 when applying Madison County's 2018 three-year average median level of assessment of 33.29% as certified by the Illinois Department of Revenue. The subject property has a land assessment of \$15,680 and an improvement assessment of \$78,680. After reviewing the appellant's evidence, the board of review offered to reduce the subject's assessment by the amount of increase caused by the application of the equalization factor or to a final assessment of \$92,040.

The appellant was notified of this suggested assessment and given thirty (30) days to respond if the offer was not acceptable. The appellant responded to the Property Tax Appeal Board by the established deadline rejecting the proposed assessment.

Conclusion of Law

Based upon the evidence submitted, the Board finds that a reduction in the subject's assessment is supported. However, the record indicates that the appellant did not file a complaint with the board of review but appealed the subject's assessment directly to the Property Tax Appeal Board based on notice of an equalization factor. Since the appeal was filed after notification of an equalization factor, the amount of relief that the Property Tax Appeal Board may grant is limited. Section 1910.60(a) of the rules of the Property Tax Appeal Board states in part:

If the taxpayer or owner of property files a petition within 30 days after the postmark date of the written notice of the application of final, adopted township equalization factors, the relief the Property Tax Appeal Board may grant is limited to the amount of the increase caused by the application of the township equalization factor. 86 Ill.Admin.Code §1910.60(a).

Additionally, section 16-180 of the Property Tax Code (35 ILCS 200/16-180) provides in pertinent part:

Where no complaint has been made to the board of review of the county where the property is located and the appeal is based solely on the effect of an equalization factor assigned to all property or to a class of property by the board of review, the Property Tax Appeal Board may not grant a reduction in the assessment greater than the amount that was added as the result of the equalization factor. (35 ILCS 200/16-180).

These provisions mean that when a taxpayer files an appeal directly to the Property Tax Appeal Board after notice of application of an equalization factor, the Board cannot grant an assessment reduction greater than the amount of increase caused by the equalization factor. Villa Retirement Apartments, Inc. v. Property Tax Appeal Board, 302 Ill.App.3d 745, 753 (4th Dist. 1999). Based

on a review of the evidence contained in the record, the Property Tax Appeal Board finds a reduction in the assessment of the subject property is supported. However, the reduction is limited to the increase in the assessment caused by the application of the equalization factor.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
