

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kelly Mullins  
DOCKET NO.: 18-05077.001-R-1  
PARCEL NO.: 06-20-414-004

The parties of record before the Property Tax Appeal Board are Kelly Mullins, the appellant, by attorney Sreeram Natarajan, of Natarajan Worstell LLC in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$22,670  
**IMPR.:** \$156,000  
**TOTAL:** \$178,670

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and brick or stone exterior construction with 3,018 square feet of living area. The dwelling was constructed in 2000. Features of the home include an unfinished basement, central air conditioning, a fireplace and a three-car garage with 560 square feet of building area. The property has an 8,316 square foot site and is located in Lombard, York Township, DuPage County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within same assessment neighborhood as the subject. The comparables are described as two-story dwellings of frame and brick or stone exterior construction that were constructed in 1999 or 2003 and range in size from 2,905 to 3,034 square feet of living area. Each comparable has an unfinished basement, central air conditioning, one fireplace and a three-

car garage. The comparables have improvement assessments ranging from \$113,860 to \$122,960 or from \$37.53 to \$40.53 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$117,098.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$178,670. The subject property has an improvement assessment of \$156,000 or \$51.69 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on nine equity comparables located within the same assessment neighborhood as the subject. The comparables consist of two-story dwellings of frame and brick or stone exterior construction ranging in size from 3,002 to 3,034 square feet of living area. The dwellings were constructed in 1999 or 2000. The comparables each have an unfinished basement, central air conditioning, one fireplace and a three-car garage. The comparables have improvement assessments ranging from \$138,690 to \$167,770 or from \$46.20 to \$55.48 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 14 equity comparables for the Board's consideration that are similar to the subject in location, dwelling size, design, age and features. The comparables have improvement assessments ranging from \$113,860 to \$167,770 or from \$37.53 to \$55.48 per square foot of living area. The subject has an improvement assessment of \$156,000 or \$51.69 per square foot of living area, which falls within the range established by the comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is equitably assessed.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the taxation burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
