

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Saibreas
DOCKET NO.: 18-20029.001-R-1
PARCEL NO.: 16-17-301-002-0000

The parties of record before the Property Tax Appeal Board are Saibreas, the appellant, by attorney Michael R. Davies, of Ryan Law LLP, in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 5,625
IMPR.: \$62,009
TOTAL: \$67,634

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story six-unit apartment building of masonry exterior construction. The structure contains 6,615 square feet of building area and is approximately 91 years old. Features include a full unfinished basement. The property has a 6,250 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales, none of which is located in the same neighborhood code as the subject. The comparables consist of two-story, class 2-11 or class 2-12, apartment buildings of masonry exterior construction with either four or six apartment units. The buildings range in age from 89 to 106 years old and range in size from 6,022 to 6,545 square feet of building area. Each comparable has a full or partial basement, one of which has a formal

recreation room. One comparable has a two-car garage. The comparables sold from September 2015 to May 2016 for prices ranging from \$150,000 to \$665,000 or from \$22.91 to \$110.42 per square foot of building area, including land. Based on this evidence, the appellant requested a reduced total assessment of \$43,999 which would reflect a market value of approximately \$439,990 or \$66.51 per square foot of building area, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing that the subject property has a total assessment of \$67,634. The subject's assessment reflects a market value of \$676,340 or \$102.24 per square foot of building area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment, the board of review submitted information on four comparables, two of which have sales data and one of which is located in the same neighborhood code as the subject. Comparable sales #1 and #3 consist of either a two-story or a three-story, class 2-11 or class 2-12, apartment building of masonry exterior construction. The buildings are 103 and 94 years old, respectively, and contain 8,461 and 3,264 square feet of building area, respectively. These comparables have either a full or a partial unfinished basement and comparable #1 has a four-car garage. These comparables sold in June 2015 and July 2015 for prices of \$922,500 and \$393,000 or for \$109.03 and \$120.40 per square foot of building area, including land, respectively. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable properties, five of which included relevant comparable sales data, to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparable #3 as the sale price appears to be an outlier given other sales in the record.

The Board finds the best evidence of market value to be appellant's comparable sales #1 and #2 along with board of review comparables #1 and #3 which present varying degrees of similarity to the subject. These comparables sold for prices ranging from \$393,000 to \$922,500 or from \$98.37 to \$120.40 per square foot of building area, including land. The subject's assessment reflects a market value of \$676,340 or \$102.24 per square foot of building area, including land, which falls within the range of the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best sales for differences when compared to the subject property, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
