

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Johnson
DOCKET NO.: 18-20413.001-R-1
PARCEL NO.: 16-17-330-016-0000

The parties of record before the Property Tax Appeal Board are Robert Johnson, the appellant, by attorney Amy C. Floyd in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,496
IMPR.: \$16,653
TOTAL: \$20,149

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame construction with 1,248 square feet of living area. The dwelling is approximately 94 years old. Features of the property include a full unfinished basement and a two-car garage. The property has a 3,780 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvements as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with a one-story dwelling and three 1.5-1.9 story dwellings of frame construction that range in size from 1,100 to 1,711 square feet of living area. The homes range in age from 101 to 105 years old. Each property has a full basement with two having recreation rooms, and two comparables have central air conditioning. These properties have improvement assessments ranging from \$10,004 to \$19,083 or from \$7.25 to \$11.68 per square foot of living

area. The appellant requested the subject's improvement assessment be reduced to \$12,954 or \$10.38 per square foot of living.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$20,149. The subject property has an improvement assessment of \$16,653 or \$13.34 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables improved with one-story dwellings of frame construction ranging in size from 1,200 to 1,302 square feet of living area. The homes ranging in age from 99 to 104 years old. Each dwelling has a full unfinished basement. Each comparable also has a 1, 1.5, or a 2.5-car garage. Their improvement assessments range from \$18,684 to \$22,378 or from \$15.57 to \$17.19 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. The board of review comparables are most similar to the subject property in style, size, and features. These comparables have improvement assessments that range from \$18,684 to \$22,378 or from \$15.57 to \$17.19 per square foot of living area. The subject's improvement assessment of \$16,653 or \$13.34 per square foot of living area falls below the range established by the best comparables in this record. The Board gives less weight to the appellant's comparables due to differences from the subject dwelling in style, size and/or features as none of the comparables are described as having a garage as does the subject property. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
