

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Zinkus
DOCKET NO.: 18-20433.001-R-1
PARCEL NO.: 09-19-100-069-0000

The parties of record before the Property Tax Appeal Board are John Zinkus, the appellant, by Amy C. Floyd, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,507
IMPR.: \$12,757
TOTAL: \$20,264

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 1,286 square feet of living area. The dwelling is approximately 60 years old. Features of the home include a crawl space foundation, a fireplace and a one-car garage. The property has a 10,010 square foot site and is located in Des Plaines, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-03, one-story or 1.5 to 1.9-story dwellings of frame or masonry exterior construction ranging in size from 1,100 to 1,652 square feet of living area. The dwellings range in age from 56 to 68 years old. The comparables have either crawl space or

concrete slab foundations and one comparable has central conditioning. The comparables have improvement assessments that range from \$6,455 to \$8,874 or from \$4.22 to \$6.43 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$7,395 or \$5.75 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,264. The subject property has an improvement assessment of \$12,757 or \$9.92 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-03, one-story dwellings of frame exterior construction ranging in size from 1,186 to 1,414 square feet of living area. The dwellings are 62 or 64 years old. One comparable has a crawl space foundation and the three remaining comparables have full unfinished basements. Two comparables have central air conditioning, two comparables each have a fireplace and each comparable has either a one-car or a two-car garage. The comparables have improvement assessments that range from \$14,007 to \$18,190 or from \$10.50 to \$14.51 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided eight suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board finds that seven of the eight comparables are not truly similar to the subject in that none of the appellant's comparables have a garage as does the subject and three of the board of review comparables have full unfinished basements in contrast to the subject's crawl space foundation. Nevertheless, the Board gives less weight to the appellant's comparables #1 and #2 as they have considerably larger dwelling sizes and/or a dissimilar design when compared to the subject dwelling.

The Board finds the best evidence of assessment equity to be appellant's comparables #3 and #4, along with the comparables submitted by the board of review comparable. These comparables are relatively similar to the subject in dwelling size, design and age, but have features with varying degrees of similarity when compared to the subject. The comparables have improvement assessments that range from \$6,455 to \$18,190 or from \$5.87 to \$14.51 per square foot of living area. The subject's improvement assessment of \$12,757 or \$9.92 per square foot of living area is within the range established by the best comparables in the record and is particularly well-supported by board of review comparable #2 that is most similar to the subject

in that it has a crawl space foundation, a fireplace and a one-car garage like the subject. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
