

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Albert Igolinkov  
DOCKET NO.: 18-20509.001-R-1  
PARCEL NO.: 05-28-321-007-0000

The parties of record before the Property Tax Appeal Board are Albert Igolinkov, the appellant, by attorney Noah J. Schmidt of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$12,214  
**IMPR.:** \$74,623  
**TOTAL:** \$86,837

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,348 square feet of living area. The dwelling is approximately 41 years old. Features of the home include a partial basement that is unfinished, central air conditioning, a fireplace and a two-car garage. The property has an 8,424 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-78 two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 3,288 to 3,651 square feet of living area. The

dwellings range in age from 51 to 61 years old. Based on the attached property characteristic sheets, each comparable each has a partial basement, one of which has a recreation room and one comparable has a partial attic that is unfinished. Each comparable has central air conditioning, one to three fireplaces and either a 2-car, a 2.5-car or a 3-car garage. The comparables have improvement assessments that range from \$51,293 to \$63,454 or from \$14.58 to \$17.38 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$52,228 or \$15.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$86,837. The subject property has an improvement assessment of \$74,623 or \$22.29 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-78 two-story dwellings of frame and masonry exterior construction ranging in size from 2,994 to 3,478 square feet of living area. Each dwelling is 41 years old and has a partial basement that is unfinished, central air conditioning, a fireplace and a two-car garage. The comparables have improvement assessments that range from \$72,605 to \$80,147 or from \$23.04 to \$24.25 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided nine suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables due to the dwellings older ages when compared to the subject dwelling.

The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review. These comparables are identical to the subject in age and are similar to the subject in dwelling size, design and features. The comparables have improvement assessments that range from \$72,605 to \$80,147 or from \$23.04 to \$24.25 per square foot of living area. The subject's improvement assessment of \$74,623 or \$22.29 per square foot of living area is within the overall improvement assessment range established by the best comparables in the record but below the range on a square foot basis. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
