

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeff Kleinkopf
DOCKET NO.: 18-20529.001-R-1
PARCEL NO.: 15-01-321-016-0000

The parties of record before the Property Tax Appeal Board are Jeff Kleinkopf, the appellant, by attorney Spiro Zarkos of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,653
IMPR.: \$90,104
TOTAL: \$101,757

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,218 square feet of living area. The dwelling is approximately 9 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has a 12,267 square foot site and is located in River Forest, River Forest Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-78 two-story dwellings of masonry exterior construction ranging in size from 2,628 to 3,482 square feet of living area. The dwellings range in age from

50 to 59 years old. Each comparable has a full or partial basement, one of which has a recreation room. Each comparable has central air conditioning and either a 2-car or a 2.5-car garage. Three comparables each have one or three fireplaces. The comparables have improvement assessments that range from \$40,603 to \$52,230 or from \$14.84 to \$15.45 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$48,849 or \$15.18 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$101,757. The subject property has an improvement assessment of \$90,104 or \$28.00 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject property. Board of review comparables #1 and #2 are duplicates of appellant's comparables #1 and #3, which were previously describe. Board of review comparable #3 is improved with a class 2-78 two-story dwelling of masonry exterior construction with 3,072 square feet of living area. The dwelling is 59 years old and has a full unfinished basement, central air conditioning, a fireplace and a 2.5-car garage. This comparable has an improvement assessment of \$46,848 or \$15.25 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided five suggested equity comparables to support their respective positions before the Property Tax Appeal Board, as two comparables were common to both parties. The Board finds none of the comparables are truly similar to the subject due to significant differences in age and/or dwelling size. Nevertheless, the Board gives less weight to the appellant's comparable #3/board of review comparable #2 due to its smaller dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the remaining comparables in the record, which includes one common property. These comparables are relatively similar to the subject in dwelling size and design but have features with varying degrees of similarity to the subject. The Board finds the subject's dwelling age is superior to each of the comparable dwellings in that it is more than 40 years newer. The comparables have improvement assessments that range from \$42,378 to \$52,230 or from \$14.84 to \$15.45 per square foot of living area. The subject's improvement assessment of \$90,104 or \$31.62 per square foot of living area is above the range established by the best comparables in the record but appears to be

justified considering its considerably newer dwelling age. After considering adjustments to the comparables for differences from the subject in age and other features, the Board finds the subject's assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
