

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jose Cardenas
DOCKET NO.: 18-20597.001-R-1
PARCEL NO.: 16-29-405-022-0000

The parties of record before the Property Tax Appeal Board are Jose Cardenas, the appellant, by attorney Ciarra Schmidt of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,677
IMPR.: \$8,992
TOTAL: \$11,669

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 1,632 square feet of living area. The dwelling is approximately 119 years old. Features of the home include a full unfinished basement and central air conditioning. The property has a 3,150 square foot site and is located in Cicero, Cicero Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables, three of which are within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-05 two-story dwellings of frame exterior construction ranging in size from 1,300 to 1,804 square feet of living area. The dwellings range in age from 113 to 139 years old. Based on the attached property characteristic sheets, none of

the comparables have basements. Two comparables have central air conditioning and four comparables each have a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$5,386 to \$7,039 or from \$3.54 to \$4.53 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$6,756 or \$4.14 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,669. The subject property has an improvement assessment of \$8,992 or \$5.51 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-05 two-story dwellings of frame exterior construction ranging in size from 1,304 to 1,836 square feet of living area. The dwellings range in age from 119 to 131 years old. Each comparable has a full basement, one of which has a recreation room. One comparable has central air conditioning, one comparable has a fireplace and each comparable has a two-car garage. The comparables have improvement assessments that range from \$9,655 to \$12,735 or from \$6.69 to \$7.40 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 due to their dissimilar locations outside of the subject's assessment neighborhood code. The Board finds the parties' remaining comparables are similar to the subject in location, dwelling size, design and age, but have features with varying degrees of similarity when compared to the subject. These most similar comparables have improvement assessments ranging from \$5,386 to \$12,735 or from \$4.14 to \$7.40 per square foot of living area. The subject's improvement assessment of \$8,992 or \$5.51 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported.

Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
