

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mirela Iovanescu
DOCKET NO.: 18-20657.001-R-1
PARCEL NO.: 05-17-202-026-0000

The parties of record before the Property Tax Appeal Board are Mirela Iovanescu, the appellant, by attorney Noah J. Schmidt of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,760
IMPR.: \$90,027
TOTAL: \$131,787

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 4,955 square feet of living area. The dwelling is approximately 74 years old. Features of the home include a full basement with a recreation room, central air conditioning, three fireplaces and a two-car garage. The property has a 23,200 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-06 two-story dwellings of frame, masonry, stucco or frame and masonry exterior construction ranging in size from 4,571 to 4,921 square feet of living

area. The dwellings range in age from 80 to 115 years old. Based on the attached property characteristic sheets, each comparable has a full basement, two of which have recreation rooms. Four comparables have central air conditioning and either a 2-car, a 2.5-car or a 3.5-car garage. Each comparable has from one to three fireplaces. The comparables have improvement assessments that range from \$69,099 to \$79,940 or from \$15.01 to \$16.53 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$80,469 or \$16.24 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$131,787. The subject property has an improvement assessment of \$90,027 or \$18.17 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property, three of which are in the same block. The comparables are improved with class 2-06 two-story dwellings of masonry exterior construction ranging in size from 4,042 to 4,576 square feet of living area. The dwellings range in age from 69 to 80 years old. Each comparable has a full or partial basement, three of which have recreation rooms. The comparables each have two or three fireplaces and either a two-car or a three-car garage. Three comparables have central air conditioning. The comparables have improvement assessments that range from \$84,920 to \$99,348 or from \$20.00 to \$24.58 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2 and #4 due to their considerably older ages when compared to the subject. The Board gives reduced weight to board of review comparables #2, #3 and #4 due to their significantly smaller dwelling sizes when compared to the subject. The Board finds the parties' remaining comparables are relatively similar to the subject in location, dwelling size, design, age and some features. These most similar comparables have improvement assessments ranging from \$75,559 to \$96,096 or from \$16.24 to \$21.00 per square foot of living area. The subject's improvement assessment of \$90,027 or \$18.17 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported.

Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
