

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dong Kim
DOCKET NO.: 18-20659.001-R-1
PARCEL NO.: 05-21-132-006-0000

The parties of record before the Property Tax Appeal Board are Dong Kim, the appellant, by attorney Noah J. Schmidt of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,135
IMPR.: \$34,550
TOTAL: \$52,685

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of stucco exterior construction with 1,439 square feet of living area. The dwelling is approximately 103 years old. Features of the home include a partial basement with a recreation room, a fireplace and a one-car garage. The property has a 9,300 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-03 one-story dwellings of frame, stucco or frame and masonry exterior construction ranging in size from 1,126 to 1,451 square feet of living area. The

dwellings range in age from 65 to 113 years old. Based on the attached property characteristic sheets, four comparables each have a full or partial basement, one of which has a recreation room. Three comparables have central air conditioning, two comparables each have one or two fireplaces and two comparables each have either a one-car or a two-car garage. The comparables have improvement assessments that range from \$21,816 to \$30,735 or from \$17.01 to \$22.68 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$28,564 or \$19.85 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$52,685. The subject property has an improvement assessment of \$34,550 or \$24.01 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-03, 1-story or 1.5-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 1,112 to 1,477 square feet of living area. The dwellings range in age from 93 to 100 years old. Each comparable has a full or partial basement, one of which has a recreation room. Two comparables have central air conditioning and each comparable has a fireplace and either a one-car or a two-car garage. The comparables have improvement assessments that range from \$30,067 to \$44,374 or from \$24.75 to \$30.04 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their newer dwelling ages or lack of a garage. In addition, appellant's comparable #1 does not have a basement foundation, like the subject. The Board gives reduced weight to board of review comparable #3 due to its dissimilar 1.5-story design, when compared to the subject's 1-story design. The Board finds board of review comparables #1, #2 and #4 are similar to the subject in location, dwelling size, design, age and some features. These most similar comparables have improvement assessments ranging from \$30,067 to \$41,182 or from \$24.75 to \$29.63 per square foot of living area. The subject's improvement assessment of \$34,550 or \$24.01 per square foot of living area falls below the range established by the best comparables in the record on a square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the

subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
