

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Julie Lewin
DOCKET NO.: 18-20674.001-R-1
PARCEL NO.: 04-01-401-008-0000

The parties of record before the Property Tax Appeal Board are Julie Lewin, the appellant by attorney Ciarra Schmidt of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,317
IMPR.: \$60,940
TOTAL: \$75,257

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,770 square feet of living area. The dwelling is approximately 19 years old. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and a two-car garage. The property has a 12,450 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-78 two-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,654 to 3,191 square feet of living area. The

dwelling range in age from 37 to 62 years old. Based on the attached property characteristic sheets, one comparable has a concrete slab foundation and four comparables have full or partial basements, two of which have recreation rooms. Each comparable has central air conditioning, one or two fireplaces and either a one-car or a two-car garage. The comparables have improvement assessments that range from \$47,294 to \$56,225 or from \$17.53 to \$18.14 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$17.62 per square foot of living area, which results in an improvement assessment of \$48,807.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$75,257. The subject property has an improvement assessment of \$60,940 or \$22.00 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with class 2-78 two-story dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 3,170 to 3,263 square feet of living area. The dwellings range in age from 9 to 16 years old. The comparables each have a full or partial basement, three of which have recreation rooms. Each comparable has central air conditioning, one or three fireplaces and either a 2-car, a 3-car or a 3.5-car garage. The comparables have improvement assessments that range from \$72,161 to \$102,430 or from \$22.32 to \$32.21 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables due to their considerably older dwellings and/or dissimilar concrete slab foundation, when compared to the subject dwelling. The Board finds the best evidence of assessment equity to be the board of review comparables, which are relatively similar to the subject in location, dwelling size, design, age and some features. These comparables have improvement assessments ranging from \$72,161 to \$102,430 or from \$22.32 to \$32.21 per square foot of living area. The subject's improvement assessment of \$60,940 or \$22.00 per square foot of living area falls below the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
