

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Julie Johnston
DOCKET NO.: 18-20680.001-R-1
PARCEL NO.: 09-22-403-020-0000

The parties of record before the Property Tax Appeal Board are Julie Johnston, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 5,320
IMPR.: \$50,525
TOTAL: \$55,845

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 2,988 square feet of living area. The dwelling is approximately 8 years old. Features of the home include a full basement with a formal recreation room, central air conditioning, a fireplace and a two-car garage. The property has a 6,650 square foot site and is located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal concerning the improvement. In support of this argument, the appellant submitted information on five equity comparables located in the same neighborhood code as the subject. The comparables consist of two-story, class 2-78 dwellings, of masonry or frame and masonry exterior construction. The homes range in age from 32 to 55 years old and range in size from 2,928 to 2,991 square feet of

living area. No data was provided by the appellant concerning the foundations/finished basements of the subject or comparable properties, but underlying printouts reveal that four of the comparables have full or partial basements, one of which has a formal recreation room, and one comparable does not have a basement. Each comparable has central air conditioning and either one or two fireplaces. The comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$42,046 to \$43,920 or from \$14.36 to \$14.84 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$43,744 or \$14.64 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$55,845. The subject property has an improvement assessment of \$50,525 or \$16.91 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject. The comparables consist of two-story, class 2-78 dwellings, of masonry exterior construction. The homes range in age from 7 to 12 years old and range in size from 2,706 to 3,009 square feet of living area. Each comparable has a full basement with a formal recreation room. The comparables each have central air conditioning, one or two fireplaces and either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$51,081 to \$53,478 or from \$17.77 to \$19.16 per square foot of living area. Based on the foregoing evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to each of the appellant's comparables which are significantly older than the subject dwelling built 8 years ago.

The Board finds the best evidence of assessment equity to be the board of review comparables which are similar to the subject in location, design, exterior construction, age, dwelling size and most features. These comparables had improvement assessments that ranged from \$51,081 to \$53,478 or from \$17.77 to \$19.16 per square foot of living area. The subject's improvement assessment of \$50,525 or \$16.91 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
