

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Timothy Gambacorta
DOCKET NO.: 18-20700.001-R-1
PARCEL NO.: 05-30-406-020-0000

The parties of record before the Property Tax Appeal Board are Timothy Gambacorta, the appellant, by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,913
IMPR.: \$38,232
TOTAL: \$49,145

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,043 square feet of living area. The dwelling is approximately 64 years old. Features of the home include a partial unfinished basement, a fireplace, and a two-car garage. The property has a 9,490 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables, three of which are located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-05 two-story dwellings of stucco, frame, masonry, or frame and masonry exterior construction that range in size from 1,788 to 2,146

square feet of living area and range in age from 64 to 138 years old. Four comparables have partial or full unfinished basements. Three comparables have central air conditioning. Three comparables each have one fireplace. Each comparable has a 1-car, 1.5-car, and a 2.5-car garage. The comparables have improvement assessments ranging from \$28,502 to \$36,204 or from \$14.74 to \$16.87 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$32,974 or \$16.14 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$49,145. The subject has an improvement assessment of \$38,232 or \$18.71 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables, two of which are located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-05 two-story dwellings of frame, masonry, or frame and masonry exterior construction that range in size from 1,815 to 2,200 square feet of living area and range in age from 67 to 81 years old. The comparables have partial or full basements with one being finished with a recreation room. Two comparables have central air conditioning. Three comparables have one or two fireplaces. All comparables have one-car to two-car garages. The comparables have improvement assessments ranging from \$37,785 to \$60,735 or from \$19.00 to \$32.13 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine equity comparables for the Board's consideration. The Board gave less weight to appellant's comparables #1, #2, #3 and #5 along with board of review comparables #1 and #4 due to differences in location and/or age when compared to the subject. In addition, appellant's comparable #3 lacks a basement foundation unlike the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #4 along with board of review comparables #2 and #3 which overall are more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$34,280 to \$41,800 or from \$16.68 to \$20.82 per square foot of living area. The subject has an improvement assessment of \$38,232 or \$18.71 per square foot of living area, which is within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds that the subject's improvement assessment appears to be equitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
