

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Casey Bukro
DOCKET NO.: 18-20830.001-R-1
PARCEL NO.: 10-11-302-001-0000

The parties of record before the Property Tax Appeal Board are Casey Bukro, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,075
IMPR.: \$34,335
TOTAL: \$40,410

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, single family dwelling of frame construction with 1,628 square feet of living area. Features of the home include two baths, a slab basement, one fireplace, and a two-car garage. The dwelling was constructed in 1935. The property has a 6,750 square foot site and is located in Evanston, Evanston Township, Cook County.

The appellant argued that the fair market value of the subject property was not accurately reflected in its assessed value as the basis of this appeal. In support of this argument, the appellant submitted a settlement statement disclosing the subject property was purchased on August 1994 for \$222,900. The appellant also asserts that the subject does not contain an attic per the assessor's printout and should be assessed at a lower rate. The pleadings state pictures were submitted but the evidence does not include any pictures of attic or crawl space.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The appellant requested the subject's improvement assessment be reduced to \$35,600.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,410. The subject has a total improvement assessment of \$34,335 or \$21.09 per square foot of living area. In support of the assessment, the board of review submitted four equity comparables and five sale comparables.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the subject's sale price in August 1994 is reflective of the market value in 1994 and not the 2018 tax lien year. The 1994 sale date is too far removed in time from the January 1, 2018 lien date. Furthermore, the appellant did not submit any evidence such as a survey, appraisal or building sketch to disprove that the subject does not contain an attic and the subject is taxed higher due to attic space. Based on this evidence, the Board finds a reduction in the subject's assessment is not justified.

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and the board of review's comparable #2, #3 and #4. These comparables are similar in size, age, story, and location. These comparables had improvement assessments that ranged from \$22.19 to \$27.75 per square foot of living area. The subject's improvement assessment of \$21.09 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
